PRICE FIVE CENTS

PEACE RIVER BREAKS ALL CROP RECORDS

B.C. Farm Yields 77 3-4
Bushels Per Acre, Largest
Output Recorded Here

Whole District to Average 45
Bushels, Astonishing Can-
adian Experts

All records on file with the Department of Agriculture for heavy wheat production in Canada were broken by the yield reported on the farm of Charles R. Anderson, near Rolla, in the Peace River district, where twenty-two acres yielded an average of 77 3-4 bushels per acre. These figures were filed with the Department today in a sworn affidavit, supported by Fred Fraser, Government agent at Pouce Coupe. Officials of the Department said this was the largest yield ever reported to them for a field as large as twenty-two acres and produced under field conditions. While yields as large have been known in areas of an acre or so, Mr. Anderson's record has not been approached on a similar scale before in this Province or in Canada, so far as the Department knows.

WHEAT OF HIGH QUALITY

From twenty-two acres Mr. Anderson threshed 1,994 3-4 bushels of Red Bob wheat, making an average of 72 1-2 bushels per acre. The grain, however, weighed sixty-four pounds to the bushel, indicating an extraordinary high quality. At the standard rate of sixty pounds to the bushel the yield thus averaged 77 3-4 bushels per acre. "This season's crops are really beyond the ordinary person's conception," Mr. Fraser wrote to Hon. E. D. Barrow, Minister of Agriculture, in reporting the amazing yield of the Anderson farm. "I feel safe in stating that the seedling and that next year the whole of our portion of the Peace River district will be not less than forty-five bushels to the acre, with oats and other grains in similar proportions."

"We have come pretty close to the world's average yield record for 1927," Mr. Fraser added that an unusually large acreage was ready for spring seeding and that the average yield under cultivation should be from twenty-five to fifty per cent greater than ever before.

"The success of grains in the Peace River district this year demonstrates beyond question that the agricultural frontier of the Province can be pushed much further northward, experts of the Department of Agriculture said. With the use of earlier-maturing wheats heavy yields will be secured many miles north of the most northern farm now operating in the Peace River district, it was stated."

SUIT IN TORONTO IS FOR \$1,200,000

Big Sum is Asked For Arrang-
ing of Sale of Much News-
print Paper

Toronto, Nov. 15.—Before Mr. Justice E. J. McKeown, sitting in the non-jury session here, Charles Edwin Campbell, proprietor of the Edmonton Bulletin, is suing A. E. Walberg, engineer, Toronto, and the Lake St. John Power and Paper Company for \$1,200,000 which the plaintiff alleges is due him as commission for arranging the sale by the defendants to Lester J. Clarke, president of the Newspaper and Magazine Paper Corporation, of an immense quantity of newsprint paper.

The purchase price of the newsprint is alleged to be \$500,000 and so therefore asks judgment against the defendants.

A verbal agreement which the plaintiff seeks to establish is denied by the defendants.

FALKS OF COMMISSION
Mr. Campbell, the plaintiff, testifying yesterday, stated that in April 1926, he had learned in Montreal that the defendant Lester Clarke, recently acquired timber limits in Quebec. Interviewing Mr. Walberg in his office, the plaintiff stated he asked him if he was interested in selling his entire output. Walberg, he declared, said he was interested and agreed to pay the plaintiff a commission.

The name of Lester Clarke was then mentioned by the plaintiff, who subsequently arranged a meeting in Toronto, it was stated.

Lester J. Clarke, the next witness, for the plaintiff, testified he had been introduced to Mr. Walberg by the plaintiff and had never known Walberg previously.

Argument was reserved to a date to be fixed by the judge.

NEW AGREEMENT FOR SUGAR EXPORTS

Paris, Nov. 15.—An agreement among four of the important sugar producing countries of the world to apportion exports in order to restore the balance between production and consumption was signed here today between representatives of the sugar interests of Cuba, Germany, Poland and Czechoslovakia.

Most Rev. Andrea Cassulo, D.D., Papal Legate

SLOAN BACKS B.C. DEMAND FOR NEW SALMON INQUIRY

Will Ask Federal Government
to Institute Investigation
Into Depletion

Federal Fisheries Director
Coming Here To-day; Court
Case Holds up Action

The influence of the Provincial Government will be back of the demand of British Columbia canners and fishermen for a complete investigation into salmon depletion in this Province. Hon. William Sloan, Commissioner of Fisheries, announced to a delegation of canners and fishermen who met him today.

Representations in favor of a thorough investigation of this sort will be made by the Provincial authorities to the Federal Government, Mr. Sloan stated after this morning's interview. He indicated that the Province would press for an inquiry into the entire salmon situation, which has been the cause of keen alarm to the Government and to the fishing industry.

FOUND COMING

Meanwhile W. A. Found, Canadian Director of Fisheries, is expected here today in the course of an official visit to the Coast. While Mr. Found's chief purpose in coming here at this time is to attend a meeting of the International Fisheries Commission on the depletion of halibut fisheries, he is making an investigation into the salmon situation also. He stated in Vancouver that the Fisheries Department could not decide on the advisability of appointing a commission to consider salmon depletion until its jurisdiction over canning operations had been settled by the courts in a stated case now under consideration.

COURTS TO DECIDE

Until the Canadian Supreme Court decides whether the Federal Government or the Province has the right to regulate canning operations Mr. Sloan declined to anticipate possible provincial action on the matter.

John M. Whitehead, of the B.C. Fishing and Packing Company, acted as spokesman for the canners at this morning's conference with Mr. Sloan, while W. Tuttle, of Port Alberni, spoke for the fishermen. They united in urging an investigation into the salmon situation.

Search Is Made For Young Boy

Three-year-old Dennis Win-
ters Missing in New West-
minster

Feared Lad Perished During
Last Night or Was Drowned
in Stream

New Westminster, Nov. 15.—Missing since noon yesterday, three-year-old Dennis Winters, son of Mr. and Mrs. Geo. Winters, Kelly Street, New Westminster, is feared to have lost his life. A search by the parents, neighbors and school mates of the missing child's brother has proved fruitless, and as the child was delicate, having had pneumonia, it is thought he could not have survived if exposed outdoors overnight.

Vernon Cooper and George Eden, school boys, reported at the missing boy's home they had seen him fall into a ditch that has a current strong enough to carry a child to a sewer drain into which it empties.

Another boy, whose name was not obtained when he called at the boy's home, said he had seen a woman pick up the child.

WAS WITH FATHER

The boy had been left in an automobile while his father, George Winters, an agent, was calling at an Eighth Avenue house. In a few minutes Mr. Winters returned to the motorcar and discovered Dennis had disappeared. At first it was thought the boy had climbed out of the auto, strayed away and been picked up by residents of the district, but as time wore on with no news a general alarm was sent out and search parties organized. A party of five boys, dismissed from the Richard McBride School today to aid in the hunt.

For the benefit of the child's health his father had taken him on car trips for the last several months.

Land Clearing Device Is Basis of Suit

Seattle, Nov. 15.—Federal Judge George M. Bourquin has handed down a decision here in favor of the Puget Mill Company and Robert H. White, defendants in a patent infringement suit brought by Sydney Ashdown of Victoria, B.C.

The suit charged the defendants had infringed on a patent for a land clearing device whereby a sling used to haul and raise logs may be released by the backward haul. Judge Bourquin ruled that the device was "old in the art long prior to the plaintiff."

Attorney G. Wright Arnold appeared for the defendants in the action.

Two Men Shown Leniency of Court

Suspended Sentence For Fay
M. Lear and John A. Ander-
son in Vancouver

Vancouver, Nov. 15.—Sentence was suspended by Mr. Justice W. A. Macdonald here today on Fay Millard Lear, thirty-five, and John Andrew Anderson, thirty-eight, who had been convicted of conspiracy to defraud the public in connection with the promotion of a motion picture industry on the north shore of Burrard Inlet.

Before ordering their release from custody Mr. Justice Macdonald directed them to enter into \$2,000 bonds for good behavior.

In not sentencing the two men to prison, the judge explained he was giving effect to the jury's recommendation for mercy and a petition for leniency which had been signed by 100 of the 200 subscribers for stock in the enterprise, promoted by Lear and Anderson.

The jury's verdict was returned last week.

PAPAL LEGATE PAYS ROUND OF VISITS TO-DAY

Official Call at Government
House Followed by Re-
ceptions

Most Rev. Andrea Cassulo
and Party to Visit Island
Parishes

At an official visit to Government House to make formal call on His Honor the Lieutenant-Governor and at subsequent visits to St. Ann's Academy, St. Louis College, St. Clare's Monastery and St. Joseph's Hospital, His Excellency the Most Reverend Andrea Cassulo, D.D., Apostolic Delegate to Canada and Newfoundland, this morning found a warm welcome awaiting him on his first official visit to the most westerly city under his jurisdiction.

RECEIVED BY GOVERNOR

At Government House, His Excellency and his suite, together with His Lordship Thomas O'Donnell, Bishop of Victoria, and about twenty-five priests of the diocese, were received by Hon. Randolph R. Bruce and Miss Mackenzie, who will later return the formal call. After this official visit the remainder of the morning was spent in visiting the various Roman Catholic institutions, where the cordial welcome tendered to His Excellency at the Cathedral last evening was supplemented by further cordial expressions of greeting to the distinguished visitor.

The Apostolic Delegate's programme today started at the cathedral at 8:30, when he solemnly Mass, during which some 300 children of the parish rendered music.

ST. ANN'S ACADEMY

Immediately after the reception at Government House, the Apostolic Delegate left by motor for St. Ann's Academy, where the pupils and sisters had prepared a programme for him. His Excellency was received at the main entrance by the acting Sister Superior and the convent staff and taken to the chapel, where Bishop O'Donnell pointed out the Archbishop's chapel, which was the first Roman Catholic Cathedral in British Columbia.

The party then proceeded through the corridors, which were effectively decorated with large chrysanthemum blooms in the pastel colors of white and gold and banked with palms and ferns, to the auditorium where the 300 pupils, attractive in their uniforms of navy blue and white, and all wearing the school colors of gold and blue, rose to greet them with a welcome chorus. His Excellency and the Bishop of Victoria then proceeded to the platform.

ISLAND ORCHARDS ARE DAMAGED BY HEAVY SNOW FALL

Trees Broken by Recent Flur-
ries; Some Interior Roads
Are Blocked

Vancouver Island orchards suffered seriously in the last few days from a sudden fall of snow, according to advices received by the Department of Agriculture. At up-land points limbs were broken on fruit trees by the weight of snow lying upon them. With leaves still on the trees, owing to the mild weather of the Early Fall, the snow in some places clung to the limbs in large quantities, weighting them down and finally breaking them. The resulting damage will be extensive, officials of the Department of Agriculture believe.

The Island, however, has been light compared with the fall reported in parts of the interior. Reports received by the Public Works Department told of roads being blocked by snow and made impassable in the Crow's Nest Pass and in the Hope district. If present weather conditions continue the Cariboo Road will be closed to traffic shortly for the winter, it is expected.

TWO MEN SHOWN LENIENCY OF COURT

Suspended Sentence For Fay
M. Lear and John A. Ander-
son in Vancouver

Vancouver, Nov. 15.—Sentence was suspended by Mr. Justice W. A. Macdonald here today on Fay Millard Lear, thirty-five, and John Andrew Anderson, thirty-eight, who had been convicted of conspiracy to defraud the public in connection with the promotion of a motion picture industry on the north shore of Burrard Inlet.

Before ordering their release from custody Mr. Justice Macdonald directed them to enter into \$2,000 bonds for good behavior.

In not sentencing the two men to prison, the judge explained he was giving effect to the jury's recommendation for mercy and a petition for leniency which had been signed by 100 of the 200 subscribers for stock in the enterprise, promoted by Lear and Anderson.

The jury's verdict was returned last week.

TROPICAL SNAKE FOUND IN BANANAS IN ONTARIO STORE

Simcoe, Ont., Nov. 15.—On taking the paper covering from a bunch of bananas, A. Pendergast, a local fruit dealer, found a snake thirty inches in length entwined about the fruit. The snake was killed and is being kept in a container for possible identification.

ICE-BOUND MEN CALL FOR AID ON LAKE WINNIPEG

Launch With Nine Aboard and
Tug Trying to Rescue It
Frozen In

Winnipeg, Nov. 15.—With bitter north winds playing a icy tattoo on mercury glasses in the prairie provinces, there is no sign of an early end of the frigid wave which has blanketed the plains for a week.

Manitoba particularly has felt the sub-zero blasts with the temperature dropping to 14 below zero at the Pas last night. Snowfall was general in Saskatchewan and eastern Alberta, bringing a slight moderation in the cold wave farther West.

FISHERMEN CAUGHT

The sudden advent of extreme weather has brought great hardship to fishermen caught unprepared in the northern stretches of Lake Winnipeg. Reports were received here today that the gas launch Victoria, which put out from Winnipeg, Manitoba, two weeks ago to bring back to winter quarters a number of fishermen, had been trapped in heavy ice five miles from shore.

The Victoria, which carries a crew of three, is believed to have at least six passengers aboard. Distress signals were picked up from the launch yesterday and a small tug was sent to the rescue.

TUG FROZEN IN

The tug succeeded in breaking a channel through the ice for over a mile, but in a howling blizzard and under a heavy sky, the tug was unable to proceed farther. The tug today was frozen in solidly. Aided by a large ice-breaker, rescuers were bending every effort to reach the two vessels.

Regina, Nov. 15.—Cold weather, with snow has been general throughout Saskatchewan during the past week, according to telegraphic reports received by the Department of Agriculture. Taking the province as a whole, there appears to be less than ten per cent of the wheat and less than fifteen per cent of the coarse grains remaining unthreshed.

All ploughing has been halted for the season, with about twenty per cent of the acreage completed. Livestock in general are going into winter quarters in good condition.

NANKING FLAG IS NOW FLYING OVER CITY OF HANKOW

Men in British and Russian
Areas Prepare to Put Up
Strong Defence

London, Nov. 15.—An Exchange Telegraph dispatch from Hankow states the colors of the Nanking Nationalists are flying over the public buildings and other buildings there.

The former British and Russian concessions have prepared to put up a strong defence in the event of an attack by Nanking troops now moving up the Yangtze River.

TROOPS NEARING WUCHANG
Hankow, China, Nov. 15.—The troops of General Ho-Chien, who took over the command of Wuhan, the composition of the Nanking army, are now moving up the Yangtze River.

It is reported the vanguard of the Nanking Nationalists, before whose advance Tang fled, are marching across the country from Kichow, about seventy-five miles from Hankow, on the south bank of the Yangtze River. They may enter Wuchang tomorrow. The situation in Wuchang is quiet.

HOSMER FUNERAL SET FOR THURSDAY

Body Will be Laid to Rest in
Montreal; Financier Died
Yesterday

Montreal, Nov. 15.—The funeral of the late Charles R. Hosmer will be held on Thursday, starting at 2:30 p.m. The service will be held at the Hosmer residence, 3530 Drummond Street West, Montreal, and interment will be made in Mount Royal Cemetery.

Mr. Hosmer, one of Canada's leading financiers, died at his residence here at 8:30 p.m. yesterday.

In his death financial, industrial, commercial and railway circles lose one who, during a long number of years,

on Railway System

SIR HENRY THORNTON
President of the Canadian National Railways

Mexico City, Nov. 15.—Sir Henry Thornton, president of the Canadian National Railways, who was invited by President Calles to visit Mexico to study the financial condition of the Federal railways, is in Mexico City today.

He will confer with Luis de Oca, Minister of Finance, on the problem of reorganizing the national railways for more efficient and economic operation.

On his arrival last night, with Lady Thornton, Sir Henry refused to make a statement, merely saying he planned to start work immediately.

Sir Harry Lauder To Return to Stage

New York, Nov. 15.—Sir Harry Lauder, who has been in retirement in Scotland since the death of his wife last summer, will return to the stage this winter. He has written to William Morrisroe here saying:

"Winter is here again and all is dull and I am alone. What a life! I must get back to the people."

GRAIN ELEVATOR IN CALGARY IS BURNED

15,000 Bushels of Grain Des-
troyed; Loss is Put at
\$42,000

Calgary, Nov. 15.—Fire which broke out shortly after last midnight, destroyed the Parish and Heimbeker grain elevator on Tenth Avenue and Twelfth Street East here. The estimated damage is \$42,000. The building had a capacity of 55,000 bushels. Between 15,000 and 20,000 bushels of grain were stored in the elevator.

HOTEL BURNED

Cochrane, Alta., Nov. 15.—In a spectacular blaze which for a time threatened destruction to the whole town of Cochrane, the Alberta Hotel, a three-story frame building, was destroyed by fire which broke out in one of the back rooms shortly after last midnight. There was no one in the building at the time. It was one of the oldest hotels in Alberta, having been built in 1886.

CHIROPODIST AIDS NEW 'COXEY'S ARMY'

Group of Unemployed Welsh
Coal Miners Marching to
London to Protest

Hungerford, Eng., Nov. 15.—"Coxey's Army" of unemployed Welsh coal miners started for Newbury this morning. As it is only a ten-mile hike the marchers expect to arrive there in time for tea.

The men slept at the Hungerford Workhouse last night, which was loaned by the town for the occasion.

Walter Hamington, representative of A. J. Cook, secretary of the Miners' Federation of Great Britain and organizer of the march, is having trouble with his feet and was forced to use a motorcycle to keep up with the procession yesterday. He hopes to be able to march into London with the men.

A chiropodist of Hungerford gave one of the men free treatment last night.

The men are marching to London to protest to Parliament against unemployment.

118 LOSE LIVES WHEN SHIP SINKS OFF INDIA COAST

Eighteen Saved Following
Disaster Fifty Miles South-
west of Bombay

Bombay, India, Nov. 15.—One hundred and eighteen lives are believed to have been lost in the sinking of the steamer Tukaram, of 290 tons, plying between Bombay and Indian coast ports.

The steamer Jayanti, owned by the Bombay Co-operative Navigation Company, owners of the Tukaram, is three days overdue.

The Tukaram, carrying eighty-two passengers and a crew of fifty-four, sank within three minutes during a sudden storm Saturday when seven miles off the west coast of India. The vessel carried no wireless and when no news was received here yesterday the owners sent out another steamer. This vessel returned this morning with sixteen survivors who had managed to reach Janjira, about fifty miles south of here, where two more of the survivors are in a hospital recovering from injuries.

BODIES FOUND
A number of bodies were picked up, including that of the captain.

The dead and missing total 118, and there is little hope here that any of them were saved.

SEARCH IN MADE
Two other steamers were sent out to search for the Jayanti, which left Bombay November 12 for Dabul with more than 100 passengers and is three days overdue.

Olmsted Loses His Court Fight

Seattle Ex-Policeman Or-
dered to Stand Trial on
Liquor Charge

Seattle, Nov. 15.—Roy Olmsted, reputed "rum baron" and former Seattle police lieutenant, must stand trial on a charge of smuggling 240 cases of liquor at Woodmont Beach on Thanksgiving Day in 1924.

Federal Judge Neter ordered the convicted liquor conspirator to trial today after denying a motion by Paul Carrigan, Olmsted's attorney, to quash the indictment on the ground that it did not comply with the statutes in alleging a completed offense.

The present charge is an outgrowth of the second Olmsted case, involving the same raid and liquor seizure but attacking the alleged liquor operations of Olmsted from a different legal point of view. In the case which was ordered to trial today he is accused of evading customs laws by bringing liquor into the United States illegally.

Alfred M. Hubbard and former associate of Olmsted, is scheduled to be the principal witness against the former officer.

DISASTER DEATHLIST
NOW TWENTY-THREE

Pittsburgh, Pa., Nov. 15.—A column of fire and steel shot into the air. A terrible report carried a message of death to an unknown number of persons and struck fear to the hearts of a million more. A tremendous concussion turned scores of happy homes and busy factories into ruins. A pall of black smoke turned daylight into darkness. Such was the explosion which yesterday spread gloom throughout the Pittsburgh district when a \$600,000-cubic foot gas storage tank of the Equitable Gas Company at Reedsdale and Fontella Streets in the north side section of the city, and spread death and destruction throughout the neighborhood.

Twenty-three known dead, fourteen of them identified, had been located this morning. Fifty more were missing. More than 500 injured had been treated in eight Pittsburgh hospitals.

Fortify Yourself

Against Colds!

Toronto, Ont.—"I would have a spell of sore throat a couple of times every year, especially in the winter, and it would be a couple of months each time before I would fully recover and get my voice back. MANY TRIBUTES TO
LATE CONSTABLE

Ernest Sargent Funeral Held in Vancouver; Police Forces Represented in Procession

Officer Died as Result of Shot Fired by Chinese Gunman

Vancouver, Nov. 15.—Vancouver paid tribute to the memory of Constable Ernest Sargent, who died in a bullet wound to his chest, a victim of a bullet fired by a Chinese assassin, at the funeral yesterday afternoon. While the body of the slain policeman lay in state at the funeral parlors of Nunn & Thomson from 10 a.m. to 1 p.m., hundreds of citizens filed past the bier to pay their last respects to the man who had given his life in protection of their property.

Countless floral tributes were banked about the casket, while a simple pillow of white flowers from the young officer's widow shared the place of honor with his constable's cap on the top of the casket.

There was a wreath from the police force of Victoria, while others had been sent by the Saskatoon police, the New Westminster police, the officers, N.C.O.'s and men of the British Columbia Police, the Vancouver Harbor Police, Chief H. W. Long and his fellow officers of Vancouver, a bakery along Constable Sargent's old beat, Hastings Street east, the North Vancouver Police, British Columbia Electric Railway Company, British Columbia Electric Railway Company conductor and motorman, Vancouver City Firemen and many others. Wreaths from Chinese citizens of Vancouver were also included.

SERVICE IN CHURCH

At 1 p.m. the body was removed to Wesley Church, where at 2 p.m. the funeral service was held by Rev. C. A. Williams, Rev. J. D. Hebert and Rev. C. C. Owen. The church, decorated by David Spencer Ltd., was filled to overflowing and there was scarcely a dry eye in the congregation as the officers made fitting reference to the heroic officer's supreme sacrifice.

At the conclusion of the service the casket was borne out by Constables J. R. Stacey, B. Smith, R. A. McDonald, G. W. Monger, A. G. Scott and Sergeant J. A. Parsons of the Vancouver police force.

Headed by the Vancouver Police Pipe Band, which played funeral music, the long procession filed through the streets, lined with crowds who bared their heads in reverence to the officer's memory.

ORGANIZATIONS REPRESENTED

Included in the procession were Vancouver City Firemen, members of the Royal Canadian Mounted, the Vancouver City suburban C.P.R., Provincial and Harbor Police, Vancouver City officials, the officiating ministers and hundreds of automobiles bearing the floral tributes.

The procession proceeded along Georgia Street to Granville Street, down Granville Street to Hastings Street, and up Main Street to the Georgia Street viaduct, where the police officers stood at attention, while the casket was borne through their ranks.

From there the body was taken to its last resting place in Mountain View Cemetery.

Besides the widow, the late constable, who was twenty-five years of age, is survived by his parents and several brothers and sisters.

Big Land Area Is Involved in Deal

St. Paul, Minn., Nov. 15.—Fifty-two thousand acres of land within thirty miles of Winnipeg, Man., figured in a deal for the purchase of the Builders' Exchange in St. Paul by Cornell College of Mount Vernon, Iowa, according to an "authoritative source" quoted in the St. Paul Pioneer Press.

The land was given to the college by H. L. Emmert, who went into Manitoba from Sibley, Ia., about thirty years ago. It is said to be part of the purchase price of the Builders' Exchange, which it is reported has been sold for somewhere in the neighborhood of three-quarters of a million dollars.

The college has acted through its holding company, the Emmert Foundation.

YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec.—"I have been teaching for three years, and at the end of the year I always feel tired and have no appetite. I was a full sick each month, too, having pains in my back until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others."—DONALDA FANTUZZ, Ayer's Cliff, Quebec.

"Unable to Work" Canning, Nova Scotia.—"I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I would be unable to attend to my work. Through an advertisement in the papers I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved."—LAURA J. EATON, Canning, King's County, Nova Scotia.

HOLDING OPEN HOUSE FOR FOUR NIGHTS

2629 Prior Street, to which citizens are invited to see modern methods of baking to-night, Wednesday, Thursday and Friday nights.

CALLED TO BAR

HUGH ALAN MACLEAN

son of H. A. Maclean, K.C., of the well-known local law firm of Elliot, Maclean & Shandley, who was called to the British Columbia bar on October 22. Mr. Maclean is a native son of Victoria and attended the Victoria public schools, the Victoria High School and Victoria College.

PAPAL LEGATE PAYS ROUND OF VISITS TO-DAY

(Continued from page 1)

ADDRESS OF WELCOME

Miss Muriel Burns read an address of welcome to the Pope's representative in Canada, after which she presented the scroll to him as a remembrance of his visit to Victoria.

The balance of the programme included a chorus, "The Magnificat," and a floral offering by eight of the smallest pupils of the school.

His Excellency replied to his welcome in a few brief words saying how glad he was to be able to visit this splendid city for a few moments at the reception prior to sign the historic old register book, in which are the signatures of the present King and Queen of England, and many of the Governors-General of Canada.

After leaving the convent the distinguished party proceeded to St. Louis College, on Pandora Avenue, where another programme was given for him by the Christian Brothers and the pupils. He arrived at the college at 10:30 o'clock, and was received at the college by Rev. Brother G. P. Lewis, principal, and other members of the teaching staff, and proceeded through a guard of honor of the senior boys to the dining hall, where he was greeted with the song, "Long Live the Pope."

Here another address of welcome was presented to him by John Wood, who after reading it, offered it to His Excellency, who received it graciously, and thanked the boys and the teachers for their kind words of welcome.

A short programme including a piano duet by Desmond and Brian Burdon, a violin solo by George Tait, a recitation by Urban Gilroy, and a vocal solo by Robert Macquarrie, was then given, the proceedings closing with the singing of "O Canada."

ST. JOSEPH'S HOSPITAL

From St. Louis College His Excellency went directly to St. Clare's Monastery at the Willows, where he inspected the tiny church of Our Lady of Lourdes, a splendid copy of the famous shrine in France of the same name. A call was made on the Poor Clare Nuns, after which the party left on their last formal call, that of a visit to St. Joseph's Hospital.

Here they were received by Sister Mary Mildred, superior, and members of the hospital council and taken through a guard of honor of nurses immaculate in their snowy uniforms, to the chapel where the sister choir sang, "Ecce Sacerdos Magnus," the halls of the hospital were decorated in the yellow and white papal colors. The distinguished visitors were then entertained at luncheon in the dining-room by the Sisters, after which they left for their scheduled trip to Up-Island.

Before leaving, however, His Excellency visited the reception room, where he added his name to the long list of names already signed there. This afternoon at 2:30 o'clock, His Excellency and his entourage left for Kuper Island and other smaller parishes. He will be back in Victoria tomorrow morning, Thursday, where he will be occupied with visits to the places of interest about the city, and His Excellency will leave on the 2:15 o'clock boat for Vancouver on Thursday en route to his seat at Ottawa.

(Further news of Papal Legate's visit page 13)

PROVINCE MAY SOON CONTROL FISHERIES

Some Cannerymen Now Taking Advantage of Decision on Jurisdiction Recently

Vancouver, Nov. 15.—Pacific Coast cannerymen who are said to be taking advantage of recent decisions holding that the Dominion Government lacks jurisdiction over their operations, will not be able indefinitely to carry on in disregard of long-standing regulations, it is learned.

Hon. William Sloan, Provincial Commissioner of Fisheries, stated that if the Supreme Court of Canada upheld British Columbia decisions ousting Federal jurisdiction the Province will promptly assume control.

If the Dominion Government's present appeal against the British Columbia rulings is dismissed at Ottawa, Mr. Sloan stated that he would introduce legislation at the coming session of the House to suppress the former Federal control. In any event, he stated, the whole situation would be reviewed by the Legislature.

ENGLAND STRONG FROM ADVERSITY

Dean Quainton Tells Kiwanis Club of Progress of Old Country

President Harold M. Dugan was welcomed with enthusiasm by the Kiwanis Club upon his first appearance at a public function, at today's weekly luncheon at the Chamber of Commerce.

Dean C. S. Quainton gave the club a word picture of his recent visit to the Old Country, his humorous narratives being accompanied by constant ripples of laughter.

Sketches of London, the unique odors of the city during the war, followed by sidelights on cricket at Lords, visits to Yorkshire, the Southern England countryside, and the big centres of industrial activity.

"People often said and still say 'poor old England,' but I am not inclined to pity the English. I do not believe the Englishman needs pity. He struggles most when things are looking up," Dean Quainton said. He remarked that Englishmen appear at this time to have a strong feeling of national unity.

He referred to the drab life of the London clerk, typical of the heavily burdened lower middle class of London, ground between highly organized unionized labor and the extremely wealthy upper class. Dean Quainton closed with the hope that he had

STRENGTH FROM ADVERSITY

The speaker pointed out that adversity had been the soil wherein strong people have grown, while luxury has weakened great peoples until they fell before the assaults of more virile foes. He considered that England was not due to meet adversity, her people had been strengthened spiritually by here recent troubles. "There is only one thing which can cause a revolution in England, that is, rob the working man of his beer," he said amid laughter. Construction of a million houses since the war shows that slow England has a way of getting things done, Dean Quainton pointed out.

STRAIGHT YOUNG PEOPLE

Touching on the morals of the younger generation, the speaker was confident that no degeneration exists from the standards of Victorian times. The fashions have changed in clothing and manners, but, young women lack courage to depart from the leading imposed by the bell-wethers of society.

He referred to the drab life of the London clerk, typical of the heavily burdened lower middle class of London, ground between highly organized unionized labor and the extremely wealthy upper class. Dean Quainton closed with the hope that he had

Now Sleeps Fine All Night Long! Few Days' Use of Uratals Stops Annoying Bladder Irritations Getting-Up-Nights

Those who know the trials and discomforts of Bladder Weakness should be interested in this letter. "I have been bothered with Bladder Trouble for more than 3 years. A burning irritation was most constant—and I was obliged to get out of bed perhaps five or six times during a night. Then I heard of Dr. Southworth's Uratals and, without much hope of help, tried them. Wonderful relief came within a few days, and I now feel my trouble is practically ended. Am very grateful for what this grand medicine has done for me, and will always use Uratals whenever I feel it necessary."

No matter what your age may be, if you want to end days of troublesome annoyance and nights of restless misery due to bladder weakness, and if you value your health, try the amazing value of Dr. Southworth's "URATALS" at once.

Ever Bilious?

"For 3 years I suffered with Biliousness. I had severe pain and a choking feeling. Stomach 'Fruit-a-lives' have been completely relieved."

Mrs. Albert Lafleur, Lethbridge, Ont.

"Fruit-a-lives" is wonderfully helpful in liver and stomach troubles because it is made from fresh fruit juices and tonics. Corrects indigestion and constipation quickly. 25c and 50c a box everywhere.

Fruit-a-lives

"shown the Old Country to be far from down and out."

Lou Turner and his orchestra entertained the Kiwanians during luncheon. Professor Turner rendering two violin solos to great applause.

SWISS ORGANIST DEFENDS HIMSELF

Frank de Wallberg Takes Stand in Own Behalf in Police Court Proceedings

Frank de Wallberg, ex-secret service operator and Swiss organist, concluded his testimony in his own defence in police court this morning at the close of City Prosecutor Claude L. Harrison's cross-examination. De Wallberg took the stand yesterday afternoon, charged with retaining stolen radio material and parts in his possession. The case has entered its second day of progress. There was little chance of a decision coming from His Honor to-day. It was anticipated at the close of the morning session that Magistrate Jay would remand the accused following the summing up of cases for and against him by Frank Higgins, K.C., and Mr. Harrison, respectively.

De Wallberg, questioned by Mr. Harrison, recalled his movements after Saturday, October 29 when he left Kent's music store, where he had been employed, in company with a boy named Cockerill.

Witness told of a warning from a woman on Ganges Island who said that her father, a Mr. Pionman, was planning to do him (De Wallberg) some harm. Witness said he expected a "frame-up" of some sort.

Cockerill had told him, witness said, that some stolen goods would probably be "planted" in his room.

Witness told of having discovered signs of his door having been forced open and of letters and a photograph having disappeared. He had found his key missing several times, but it was always mysteriously returned to him, witness declared.

Mr. Harrisonoff "But how did the stuff get in your room? (Referring to the alleged stolen radio parts discovered there)."

Questioned as to why he had trusted the private detective, Cockerill, witness said that he had been preparing evidence for him in order to secure a divorce, and that Cockerill had seemed indispensable to him. He knew better than to trust him now, witness added.

L. A. Bittancourt was the second witness for the defence called to-day. He is engineer on the Canadian revenue cutter operated by his father, Capt. Bittancourt. He said he had known De Wallberg as an honorable man, and had heard from him at various times that his room had been disturbed. Mr. Bittancourt was still on the stand at 12:30 o'clock this afternoon.

A number of witnesses were called yesterday afternoon, among them Thomas Cockerill, private detective, his son Thomas Jr., Orville Leach, salesman in Kent's music store and De Wallberg himself.

"Have a cigar."
"No, thanks—sworn off smoking."

TRANSOCEAN FLIERS' CLUB IS FORMED

Washington, Nov. 15.—The first club in history of transoceanic fliers was formed here last night at a reception given by Assistant Secretary McCracken of the Commerce Department.

The club was named the International Transoceanic Pilots Association. Its first president is Col. Charles A. Lindbergh, and Ernest Hegenberger, one of the two who first flew from California to Hawaii, is vice-president. Edward F. Schlee, who flew with Walter J. Brock to England, was elected secretary-treasurer.

The club includes as charter members all of those who in the past year have survived transoceanic flights, including Miss Ruth Elder.

Two Life Sentences Given in Wisconsin

Milwaukee, Wis., Nov. 15.—Wisconsin's court machinery moved swiftly yesterday and to-day. Alvin Greenwaldt, thirty-eight-year-old liquor runner, and Arthur Betzold, twenty-four, former convict and bus driver, started serving life prison terms. On Sunday they conspired and slaying Greenwaldt's wife.

Greenwaldt confessed he had hired Betzold to strangle his wife so he could collect her insurance of \$25,000. Betzold said that while Greenwaldt had promised him \$500 for the "job," he had done it merely because Greenwaldt was a "good fellow."

Both men, who pleaded guilty to first degree murder through their counsel, said they had received a square deal and that there was no defence.

Shophman: "We only keep sealing-wax, you know." Bridge: "Fah, an' that's no good at all. Sure the mistress wants to be waxin' her floor for a dance, not the ceiling!"

PAYING THE BILLS

THERE ARE TWO OR THREE THINGS a Minister of Finance tries his hardest to do. His first objective is a balanced budget, and if he can follow this with a cut in taxation and a payment of the public debt, politically speaking, he is a happy man indeed.

Hon. James A. Robb is entitled to consider himself in this class. He has balanced his budget; he has reduced taxation more than once since he took charge of the national cash box; he also has made several payments of the national debt. In the latest reduction a couple of weeks ago he wiped off another \$29,000,000 on which the taxpayers of this country had to pay interest at five and one-half per cent. In other words, by getting rid of that much obligation the purchasing power of the taxpayers was increased by a like amount. If events have turned out as Mr. Robb expected them to when he made a statement on the debt recently, he will dispose of another debt of \$8,000,000 to-day.

All this must be a source of considerable satisfaction to the Minister of Finance. But he has earned it by sound administration. Even his critics will admit that much.

OUR NATIONAL PLAYGROUNDS

MANY WILL RECALL THAT WHEN the opening of the Canadian Pacific Railway revealed the amazing wealth of beauty in the Rocky Mountains, the Dominion Government took immediate steps to preserve that beauty. The first Order in Council reserving land at Banff was passed only eighteen days after the driving of the last spike in the steel highway connecting the eastern and western shores of the Dominion. That area has been enlarged several times, notably by the inclusion of the incomparable Lake Louise, till now the Rocky Mountains Park contains 2,751 square miles of the finest scenery in the world.

The following year saw the birth of Yoho Park, on the western slope of the Great Divide, and Glacier Park, in the Selkirk Range. These now measure respectively 376 and 468 square miles. The Waterton Lakes Park, in the mountainous corner of Alberta adjoining the international boundary, was created in 1895, and now contains 220 square miles.

Farther north, where the mountains are penetrated by the present Canadian National line, 5,000 square miles were reserved in 1907 to form Jasper National Park; its area now is 5,380 square miles. In 1908 the first prairie park was formed at Wainwright, Alberta, by the enclosure of 160 square miles for the Buffalo herd bought from a private owner in the United States.

Elk Island Park, about forty miles east of Edmonton, was started in 1911 as an additional buffalo reserve and is now fifty-one square miles in extent. Both here and at Wainwright, moose, elk and mule deer, as well as the buffalo, enjoy safety. The Revelstoke Park of 100 square miles, probably the highest park in the world, was created in 1914. In 1920 the Kootenay Park of 587 square miles was set apart for the construction of the Banff-Windermere motor highway. Two years later the Nemiskam Park of eight and one-half square miles was established in southwestern Alberta for the graceful antelope, threatened with extinction. About 400 are now enjoying sanctuary there. The Wewaskesey Park of fifty-four square miles north of Medicine Hat, and the Mississawak Park of seventeen square miles near Maple Creek, Saskatchewan, were set apart for the same purpose, while a small recreational park was formed on Lake Katapwa, also in northern Saskatchewan. The creation of a new national park north of Prince Albert, containing 1,377 square miles, was announced some time ago.

In the East, historic sites have been preserved by the creation of the Fort Howe Park at St. John, N.B.—where the United Empire Loyalists landed—and the Fort Anne Park at Annapolis Royal, N.S. In Ontario, the St. Lawrence Islands Park was obtained from the Mississauga band of Indians in 1904. And, in 1918, the Point Pelee Park of four square miles was set apart as a bird sanctuary.

The provincial Government of Ontario has created three great parks—the Algonquin of 2,741 square miles, the Quetico, of 1,700 and the Presque, of 1,400—besides the Rondeau, of eight square miles. Quebec has created the Laurentides Provincial Park, of 3,565 square miles, and two more are to be formed, the Gaspé to cover an area of 3,000 square miles, and the Mont Tremblant, 1,225 square miles.

We in this Province, of course, have created several provincial parks, the Strathcona, 828 square miles; Mount Assiniboine, 20; Mount Robson, 760; Kokanee Glacier, 100; and the Garibaldi, 260 square miles. Among the smaller parks is one on

the Coast where Alexander Mackenzie completed the first crossing of this continent.

The national parks draw many thousands of tourists from other countries, chiefly but not solely the United States, who spend many millions every year in this Dominion.

BUY CANADIAN-MADE GIFTS

UNDER THE AUSPICES OF THE CANADIAN MANUFACTURERS' ASSOCIATION a special campaign will be launched this year for the purpose of impressing upon the minds of the people of this country the desirability of demanding wherever possible Canadian-made Christmas gifts.

The idea is a sound one. But the manufacturer should understand at the outset that the very important factors of price and quality must be taken into account. Articles which always are popular as Christmas gifts are imported by Canada from other countries by the thousand. Many of these are produced under conditions that never would be tolerated in this country. It nevertheless would be foolish to suppose that the market for them is likely to weaken on mere grounds of sentiment.

Many novelties suitable for Christmas gifts are produced in Canada and generally they are of a higher quality than similar articles imported from foreign countries. More of the Canadian product will be asked for, however, if the variety is widened and more attention paid to originality. In the turning out of the really solid type of gift Canada need fear competition in neither quality nor price, and perhaps the best way to make the campaign more effective would be to emphasize the more useful present of Canadian origin.

Many of the novelties, which the stores of the Dominion display during the festive season often are the products of peasant industries in foreign countries. There is nothing of this kind in Canada. The main point to be borne in mind, however, is that it is good business for Canadians to buy goods made in their own country.

THE WORLD ON WHEELS

SOME TIME AGO SIR HENRY REW, one of the greatest authorities upon conditions in rural England, pointed out that the two factors most responsible for the revolution of village life have been wireless and the motor bicycle. The radio, of course, has worked wonders in all small and isolated communities; but rural conditions in Canada have not been influenced by the motor bicycle. Here the number of these machines has been steadily declining, while in Great Britain it has been constantly on the increase. An interesting contrast is afforded by the following figures, those for Canada being for the year 1926, and those for the Old Country being the estimate for 1925:

	Canada	Britain
Passenger cars	728,057	580,000
Motor cycles	7,534	572,000

One of the first things that strikes a Canadian visitor to Great Britain is the great number of motor cycles on all the highways of the country. Equally amazed at the number of automobiles is the Old Countryman who visits Canada for the first time. The smaller machine is popular in Britain, of course, because it represents about the limit of what the average man can afford to own and pay taxes on. The reason there are so few motor cycles in Canada lies in the fact that more people can afford automobiles. Similarly are the more expensive radio sets the rule in this country.

Canada continually is being called the country of many advantages—not the least of which is a prosperous condition that enables her people to enjoy practically all the modern conveniences of life.

WHAT OTHER PAPERS SAY

PRECISE OR APPROXIMATE
From The Manchester Guardian

"The biggest catch of herrings this season, 100,000 fish, has been landed at Loughs of the Generous." It may be generous, but is it jannock? The figure seems just a little too round to be reputable, and we understand that a recount has been demanded from Fleetwood on behalf of the Large White Hake.

JOTS FROM GEOGRAPHY

VICTORIA FALLS, in Rhodesia, is one of nature's masterpieces. The falls are three times as high as Niagara and twice as wide. Victoria Falls is noted not alone for its beauty, but also for its beauty of environment. Set in the midst of tropical verdure, the cascades of splashing water have a grandeur that has astonished the world's greatest travelers.

DO YOU KNOW—

That the candle fish, found in the river mouths off the northern Pacific coast of North America, is so named because of its extreme oiliness of flesh. The Indians convert them into candles by merely inserting a wick through the length of the body.

Canadian Questions and Answers

FIRE INSURANCE IN CANADA
Q—What is Canada's fire insurance record?
A—188 companies are licensed by the Dominion Government to do fire insurance business in Canada, forty-three being Canadian, fifty-nine British, and eighty-six foreign—in 1926. Policies, new and renewed, written in 1926 totaled \$7,646,028,585. Canadian companies handled \$1,323,819,566 of this. British companies, \$3,244,769,325 and foreign companies, \$3,077,439,744. The net premiums in 1926 totaled \$51,040,078; the net losses incurred were \$29,949,086 while the net amount at risk, end of 1926, was the huge sum of \$7,583,297,679. The net premiums paid from 1899 till 1926 was \$856,023,828 and the total losses incurred \$495,288,106.

SAATCHI FINANCES

To the Editor:—Much comment has been made and printed upon Saatchi's finances during the last day or two and I am afraid that the taxpayers may have a too optimistic opinion and be expecting too large a surplus at the end of the year, and I would like to lay before them an exact and true statement. True it is that we are in an enviable position regarding our finances.

On October 15, 1926, we will pay off nearly \$500,000 Road Bonds. We have for this account a surplus of \$12,000 more than required by law in our sinking funds, this means that a 6 1/2% rate for debt charges levied this year can be entirely wiped out in 1929. Our Local Improvements Bylaws, Lake Hill Road and Shelbourne Street, bonds due in 1930, we have sufficient funds to meet these now and no further levies will be made on this account, so that those concerned on Shelbourne Street and Lake Hill Road will be saved two years levies, this is practically all our bonded indebtedness, so that in 1930 Saatchi will be entirely free from debt except for water bonds, and as these are taken care of by a frontage charge on lots served by the water mains, we will have always, and I think will pay their way without any levies being made upon the taxpayer.

This year's council in budgeting for the estimates, budgeted neither for a deficit nor a surplus and a mill rate of thirty, with fifteen per cent on improvements was struck to cover the estimates, but owing to an exceptionally good year, luck, and with strict economy and cutting out of all needless expenditure, we are going to find ourselves in a far better position at the end of the year than ever we anticipated at the beginning.

There has been established a record this year in the payment of taxes and also delinquent taxes, and in the tax sale. We have more than doubled our sales of reverted lands this year and put them back on the tax-paying basis, so that on October 31 of this year, after paying all accounts to date, we found ourselves with \$26,017.23 in bank as compared with \$6,051.23 of last year, and \$2,926.12 in 1925. We have still to come in some \$15,000 from the Government, our share of liquor profits, etc., so that we have in cash and in sight some \$41,000. Against this it must be remembered that it will take nearly all of this amount to carry on to the close of the year in payment of school, police, works departments, etc., and the extra ward appropriations made for roads, but we have right now in cash and in sight sufficient to pay all our expenses till the end of the year, so that all taxes and arrears of taxes, reverted lots sold, licenses, poll tax, etc., collected or sold during the next two months will be the surplus. What will be I can't say, but one thing I know, there will be no deficit, but will be a surplus even after giving \$7,000 more for road appropriations, \$5,000 more for school purposes, and after reducing our land assessment by \$1,677,000 this year, whatever surplus is over, as far as I am concerned, will be passed over to next year's council towards reducing the mill.

WILLIAM CROUCH, Reeve.
Royal Oak, November 14, 1927.

AMUSEMENT TAX IN ALBERTA ATTACKED

Calgary, Nov. 15.—A concerted attack was launched yesterday against the Alberta amusement tax by the theatrical managers of the Province. Plans for the campaign were discussed at a meeting of the Independent Theatre Managers' Association here yesterday and in the neighborhood of \$2,000 was pledged by those present to form a campaign fund. J. H. Hume, manager of the Capitol Theatre, announced the theatre operated by the Famous Players Canadian Corporation in Calgary would donate \$1,000 to the cause as soon as the association had received \$1,000 from the independent managers.

Honorary Degree For John McCormick

Belfast, Ireland, Nov. 15.—The degree of Doctor of Music will be conferred on John McCormick, Irish tenor, by the senate of the National University of Ireland, which has its headquarters in Dublin. The degree is in recognition of the tenor's eminence in the musical world and his services to Irish music.

WAR VETERANS RISE TO HONOR DEAD COMRADES

Impressive Touch Given to Ex-Service Men's Banquet; Sir Percy Lake Speaks

War veterans gathered at the banquet in honor of Sir Percy Lake, given by the district council of the Canadian Legion of the British Empire Service League at the Chamber of Commerce last night, rose to pay silent tribute to their comrades who died in France, and Flanders and elsewhere during the Great War. It was an impressive moment.

Before a gleaming cenotaph stood the flags of Britain and Canada. Under the directorship of Charles Raines, the Victoria Prize Band played patriotic airs.

Col. C. W. Peck, V.C., and Col. F. A. Robertson, D.S.O., M.C., introduced the guest of honor, Sir Percy Lake. Sir Percy was a delegate to the B.E.S.L. conference in London in June and he explained that in Canada to-day there were 700 branches with a membership of 40,000 men in the B.E.S.L. Thirty-nine delegates from all parts of the Empire attended the London conference.

"The King showed his appreciation by giving each of the delegates a special audience, and expressed interest in Canadian Legion work," said Sir Percy. "I had the honor to take part in a ceremony at the cenotaph in London, presided over by the Duke of Connaught, and placed a wreath in the name of the Legion at the foot of the magnificent monument," he continued.

"Following a detailed discussion on immigration of ex-service men from England to Canada, Earl Haig gave a resume of the work accomplished by the British Empire Service League and its branches throughout the Empire during the past six years.

SPLENDID WORK
"Earl Haig said that sometimes it was forgotten by the general public how great was the work of the British armies during the war, through the efforts of soldiers and civilians in the front lines of the war, through the efforts of the Empire, the finest fighting force the world has ever seen, without doubt carried the main burden of the war. The discipline and quality of its rank and file, the leadership and initiative of its regimental officers, the organization of its supply and medical services, the competence and reliability of its staff and intelligence, all alike were unsurpassed.

"As for the Allies, but for them and the sacrifices which they made in the opening years of the war, we might never have been given time to mobilize the armies of the Empire; and for that we owe a great debt of gratitude to the Allies, and perhaps also to the special Providence which presides over the destinies of the improvident, and which we can never sufficiently acknowledge," quoted Sir Percy.

"Sir A. Baile, delegate from South Africa, in his discussion at the conference, remarked on the tendency to replace men by women in many offices. It was he who gave 10,000 acres of land in Rhodesia to be settled by ex-service men," said Sir Percy. "The widow of the late Col. J. E. Campbell also gave 600 acres of land in Rhodesia to the Canadian Legion of the B.E.S.L., to be farmed by ex-service men."

Sir Percy brought the greetings of the Prince of Wales to the gathering. In view of his promise to His Highness given at the conclusion of the Prince's tour in Canada.

H. F. Brown, Jack Davis, F. Smedley, accompanied by G. Schofield, rendered musical selections during the course of the evening. There was also community singing.

Several visiting officers from Legion branches gave short addresses during the course of the banquet.

TWENTY-FIVE YEARS AGO TO-DAY
The Victoria Daily Times, November 15, 1902.

Mechanics who find employment in the numerous shipyards of Victoria have had a busy season, with the damaged fleet now in port requiring repairs and the occasional merchantman which comes into port every few days to go on the ways for cleaning and painting.

The resignation of Hon. J. Israel Tarte of the portfolio of Public Works in the Dominion Cabinet has necessitated the selection of a successor, and the admission of another member to cabinet councils. This has been accomplished by transferring Hon. James Sutherland from the Department of Marine and Fisheries to that of Public Works, and filling the post he occupied with a Montreal man in the person of Mayor Prefontaine.

Victoria's fleet of steamers will have a stately and formidable addition in the C.P.N. liner now building at the Esquimalt Marine Railway yard. The hull of the ship is now in an advanced stage of construction, and will be given the water in the near future. The vessel, as previously described, is intended for the northern service between Victoria and ports on the northern coast of this Province. The name of the new steamer will be the Princess Beatrice.

It is known with reasonable certainty that Earl Roberts, designated so widely throughout the Empire with affectionate familiarity as "Bobs," is to visit Canada at no distant day. The exact date is not fixed, but there is little doubt that he will be here next Summer as commander-in-chief of the British army.

Colds and Catarrh
Lie in wait for the unwary. Don't forget that Nostoline is your best defender against these and all other nose and chest troubles. This simple means of defeating Colds and Catarrh at the source appeals to sensible people. Get "Nostoline" to-day. Sold by Charles Hudson, Druggist, 2005 Oak Bay Avenue, Victoria. Price 50c.

BRITISH MOVIE BILL DISCUSSED
London, Nov. 15.—The Government has made a concession on the film bill, which is under discussion in the report stage in the House of Commons.

Sir Phillip Cunliffe Lister, President of the Board of Trade, on behalf of the Government, announced in the House last night that for the purpose of facilitating progress he would agree the whole measure should be made temporary, operating only for a decade. Under these circumstances, he hoped the bill would pass third reading on Thursday.

The concession limiting the duration of the film measure to a decade instead of twelve years, as provided in the bill, is intended to save the time of Parliament, as the short session, ending at Christmas, is threatened to be taken up largely by this discussion.

The bill makes compulsory in Great Britain the showing of a stipulated quota of films made in the British Empire and restricts blind and advance bookings. The measure has met with strenuous opposition in all its stages. A petition against the bill was presented in the House of Commons yesterday, signed by 850 managers and proprietors of moving picture houses.

this week at the Capitol Theatre, the
management are presenting some very
fine vaudeville on the stage, which in-
cludes Albert MacGillivray, called
"The Caruso of the Air," in song se-
lections; Curry and Alexander under the
nom de plume of "Goofy Steppers,"
will offer some exceptional clever
dancing, and the Capitol orchestra
specialty will be "Raymond," the
popular overture by Adams, in addition
to the tuneful musical programme
which they will render for the picture
attractions.

COLISEUM THEATRE
SHOWING STORY OF
PRESENT-DAY YOUTH

A packed house greeted the opening
performance of the new Ray Bell Stock
Company at the Coliseum last night.
It was the first night of the new pol-
icy of high-class feature pictures and
a first-rate stock show. The Ray Bell
Company was all that it was said to be,
and more, and its presentation of the
mystery comedy drama, entitled
"The Girl in the Case," was right-up
to the mark. This three-act comedy
drama was especially picked for the
opening night, because it gives all
those in the cast a chance to show
their ability. It was crowded with
laughs, and starting situations from
start to finish, and the audience were
kept in continual uproars through the
entire play. It is hard to pick out
any one star of the show, as they all
work so well together, and their acting
deserves credit.

"The spirit of modern youth is the
keynote of the comedy drama, 'The
Girl in the Case,' which is the story
of Clara Bow and Robert Agnew in
"Wine," the special production, star-
ring Clara Bow, which the Universal
Pictures Corporation filmed, from
William MacFarg's published story of
the same title, "Wine."

"HELD BY THE LAW"
PICTURES STORY OF
NEW YORK TRIAL

An exact duplicate of a New York
courtroom was built at Universal City
for scenes in "Held by the Law," the
Universal-Jewel production which is the
programme of the Columbia
Theatre today.

Some of the most important scenes
in the picture take place in this set,
and the who have seen the produc-
tion declare the courtroom sequence is
one of the most dramatic, and at the
same time, one of the most technically
correct trial scenes ever made for the
screen.

"THE LIFE OF RILEY"
NOW AT PLAYHOUSE

He fell asleep on a cot under a wil-
low tree and awoke in the shade of an
elephant with a monkey trying to re-
move his shoes!

That was the unique experience of
George Sidney, thanks to the prank-
some disposition of Charlie Murray,
with whom he is co-featured in "The
Life of Riley," the film comedy from
First National Pictures now showing
at the Playhouse Theatre.

During the filming of the picture
on a village street set, Sidney took a
nap. Director William Beaudine gave
orders that no one should wake him
until he was needed. Murray and two
electricians obeyed, that injunction.
They did not wake him, but they did
take him into the menagerie of their
adjoining circus set, cot and all!

"MADAME POMPADOUR"
SPLENDID STORY OF
FRENCH COURT LIFE

Men lavished favors on her. Na-
tions listened to her every word. A
king raised her to the heights. Gen-
erals bowed to her slightest whim.
She caused a war which cost the life
of thousands and the loss of a
great tract of land. And, when she
was about to lose the favor of her
lord and master, Louis XV of France,
she won it back by methods such as
only a woman like Pompadour could
have devised.

It is principally about this incident
in her life that Paramount's latest
release has been built.

With Dorothy Gish as a Pompa-
dour and Antonio Moreno the lover,
heights of romance which have never
been topped are looked forward to.
"Madame Pompadour" will be shown
at the Dominion all this week. Her-
bert Wilcox produced it for British
National under E. A. Dupont's super-
vision. Frances Marion, eminent
American scenarist, prepared the
screen play.

That Coffee IS Good!

—and no wonder, for it is "creamed" with Eagle Brand condensed milk. Eagle Brand, extra-rich milk, finely blended with sugar, gives a velvety "feel" to coffee, brings out the best flavor and color. With Eagle Brand you require no sugar, so you not only enjoy a more delectable cup of coffee, but you also save on the sugar bill, to say nothing of how much more economical and dependable Eagle Brand is than daily cream. Whenever you order coffee, order Eagle Brand, too.

BRAND
CONDENSED MILKVERY HARD
LARGE PIMPLESSpread Over Face and
Hands. Cuticura Heals.

"My trouble began with a few
pimples on my face and hands and
soon spread all over them. The
pimples were very hard, large and
red, and festered and scaled over.
They itched and burned so that I
scratched them, which caused ery-
thema. My face was disfigured, and
I could not put my hands in water
and could hardly do my work."

"A friend advised me to try Cuti-
cura Soap and Ointment so I pur-
chased some, and in about two
months I was completely healed."
(Signed) Miss Jennie Ducharme,
481 Giroux St., Norwood, Man.

Cuticura Soap, Ointment and
Talcum are all you need for every-
day toilet and nursery purposes.

Lamb Panels

A broadcloth afternoon tailor has
Persian lamb panels from shoulder to
waistline in the coat and from knee
to hem, in the skirt.

Acid
Stomach

Excess acid is the common cause of
indigestion. It results in pain and
sourness about two hours after eating.
The quick corrective is an alkali which
neutralizes acid. The best corrective
is Phillips' Milk of Magnesia. It has
remained standard with physicians in
the 50 years since its invention.

One spoonful of Phillips' Milk of
Magnesia neutralizes instantly many
times its volume in acid. It is harm-
less and tasteless and its action is
quick. You will never rely on crude
methods, never continue to suffer,
when you learn how quickly, how
pleasantly this premier method acts.
Please let it show you—now.

Be sure to get the genuine Phillips'
Milk of Magnesia prescribed by physi-
cians for 50 years in correcting excess
acids. Each bottle contains full direc-
tions—any drugstore. (Adv.)

SALTS FINE FOR ACHING KIDNEYS

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have headache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good grocery store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine, so they no longer irritate, thus helping to relieve bladder disorders. Jad Salts is inexpensive; makes a delightful, effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. (Adv.)

FIR LUMBER MARKET OUTLOOK IMPROVES AS YEAR-END QUIET STARTS

Seattle, Nov. 15.—Year-end lumber demand is quieting down, accompanied by a much better feeling than has prevailed for several months. No change in prices is looked for before January 1, as the demand would not justify it, but all major factors are combining apparently to lift the market out of the "red," in which it has been long involved, and to place spruce business on a better footing. It requires no over-weening optimism to understand that lumber prices are shortly going higher.

The Japanese buy of around 50,000,000 feet last week, a source that keeps as well advised of price conditions here on the ground and does not operate in such a big way unless it is convinced prices are at bottom, is one of the significant turns in the market. It must be remembered that Japan had drifted along on a light parcel basis for several months and the large block of business was placed in two or three days, as though buyers were in a hurry to beat the upturn.

Another significant fact of the week was the placement of considerable business for intercoastal account, at \$22 a base, or a dollar under what the majority of the mills would consider. This section of the trade is so well convinced that it will get a better price than now offered that it is piling lumber on the premises, rather than to sell below its idea.

SPRING TRADE STARTS
The largest Atlantic buyers have advised their local connections that they will not undertake lumber buying for Spring until December or January, but business suddenly placed seems to indicate that that section, too, looks for an advance. Disorder in the intercoastal space market is deterring buyers' and placements of the week were done on \$12 freight basis. Some shippers are in the market at \$10. A number of shippers are trying to induce regular lines to drop the space rate to \$10 in order to drive out tramp and so restore a sound operating basis future.

Rail mills will not take business for delivery after January 1. They are convinced that a better price is near. Elimination of waste production is now under way. Night shifts have already been taken off in a number of big plants. Some of the large mills

will go down December 1 for sixty days. There is no concerted action, but mills are carrying out individually as they view the situation. Once let the association barometer show sales of 10,000,000 feet or more over production, which would firm the market, most buyers from all directions would suddenly conclude that they needed lumber. Most of them to-day are waiting to see what will happen to the price, as considerable business is in the offing.

California weakened 50c at San Pedro, but held well here. Transits, which now compose the entire California trade, are absorbed with ease, save when items about which buyers know little are dumped there. Efforts have been made by large operators who have big stocks in California to bid up the f. a. s. market to prevent a slump on their stocks for Southern California account.

RAILWAYS IN MARKET
Some items in yard and shed stock declined a dollar, explained largely in accumulations which the mills had to move. Rail mills are declining future business at current levels.

The United Kingdom and Continent seem to have no end to their buying of clear. They have already established a record, but are apparently as hungry as ever for these items. One of the distressing features of the market is the over-old condition at Sydney, Melbourne and outports have scant stocks and shippers are cultivating territory while Sydney is recovering. The wet situation was caused by the arrival of twenty to twenty-five tramps, loaded last Spring, to discharge.

Railway business is increasing. About 3,000,000 feet were sold to move east by water. The Chesapeake and Ohio Line is out with inquiry for 9,000,000 ft. to out with inquiry for 9,000,000 ft. Several other lines are preparing schedules. Mills have quit dropping prices. First to weaken, this division is apparently to be the first, also, to recover.

Shingles are falling steadily, although they are still some distance from the low point.

Mills, in their efforts to get on a profitable basis, are getting support from loggers, who are asking firm prices. Only just enough logs to supply the mills are coming out. Prices of fir are firm at \$12, \$18 and \$14.

**FREEZE-UP STOPS
WORK ON PRAIRIES**
Winnipeg, Nov. 15.—The last crop report to be issued by the agricultural department of the C.P.R. for this year says that generally all work has been stopped because of winter conditions. Snow covers the entire West, and the soil is frozen solid. The temperature in Alberta on the night of the 10th dropped several degrees below zero.

In Manitoba threshing for all practical purposes has been finished. In Saskatchewan 95 to 100 per cent of the wheat and 90 to 95 per cent of the coarse grains; in Alberta 90 to 95 per cent completed; in the central and northern sections of the province, 75 to 80 per cent in the south. One week of good weather would have seen everything threshed. It is possible the balance may yet be done, but at present stocks are covered with snow. Fall ploughing is finished in many districts, the amount done exceeding last year's acreage in each province in Manitoba of 1,000,000 acres, in Saskatchewan approximately 85 per cent has been accomplished; Saskatchewan 40 to 50 per cent, the greatest amount being in the west; Alberta 20 per cent, the north, which is slightly more than last year, and about 10 per cent in the south, which is about the same as in 1926. The ground is now frozen so hard it is unlikely any more ploughing can be done this year.

The open fall was very favorable for livestock, which are entering winter in good condition and with abundant supply of feed, excepting oats, which are short in Manitoba and Saskatchewan. Heavy runs of cattle continue on the local markets, but prices remain steady. Harvesters are returning home in large numbers.

NEW C.P.R. FERRY STEAMER TAKING WATER

Will be about 2,000, and she has accommodation for about 1,200 passengers. There are four large gangways on the main deck, having doors in the shell-two forward and two aft—and the main deck has been left clear for the carriage of automobiles. No pillars are fitted to this deck except at the middle line, and at the aft end a large flush turntable is installed for reversing direction of the cars. The upper deck, which is totally enclosed, has an open saloon, due forward end. The seating along the side of this deck is by pairs of settees back to back like the accommodation in a Pullman train. A few staterooms are built at the aft end of this deck, as also is a writing-room, and the aft starboard portion is allocated as a women's saloon. The dining saloon is forward. The vessel will be propelled by three screws, driven through single reduction gearing by Brown Curtis turbines, the centre screw by an h.p. turbine, and the wing screws by i.p. turbines. Astern turbines are fitted to the king shafts. The turbines are constructed to use saturated steam at 200 pounds per square inch pressure.

**Canard Agent In
The City To-day**
Traveling in connection with the budget plan of travel inaugurated by the Canard Line last September, R. C. Fothergill, traveling freight and passenger agent for the line with headquarters in the city to-day. Numerous inquiries have been received regarding this easy mode of traveling, he stated, and a large movement is expected as a result.

The Christmas movement over the Canard line is expected to be very heavy, he added. The Canard vessels, *Athena*, sailing from Halifax on December 11, and the *Ascania*, sailing on December 12, will both have large lists.

GRAIN MOVEMENT ON C.P.R. HEAVY

Total Storage in Elevator Bins Now 27,483,000 Bushels

Winnipeg, Nov. 15.—The week-end movement of grain east from Winnipeg over the C.P.R. was a heavy one. A total of 2,184 cars left the great yards at Transcona for the head of the lakes. Deliveries there were 2,297 cars with 3,205 unloadings. Grain is rising in the bins of the elevators, Sunday night's report showing 27,483,000 bushels there. Country elevators are rapidly filling with 36,284,275 bushels reported Sunday night; Vancouver storage is down to 4,963,703 bushels, 518,316 bushels having been moved by boat on Saturday.

Calgary reports a movement of 201 cars to the port of Vancouver. Saturday's marketings on Canadian Pacific lines were 2,087,650 bushels, with 1,441 cars loaded.

Record Fox Shipment Leaves P.E.I. To-day

Charlottetown, P.E.I., Nov. 15.—The biggest shipment of live foxes to leave North America for the European market since the industry has been de-layed will start from here to-day when a consignment of 1,000 bound for Norway will leave here for Halifax, whither they will be forwarded in the steamer *St. Lawrence*. These animals are valued at from \$500 to \$1,500 a pair and the entire shipment is valued at approximately \$500,000. A large party of Norwegian buyers have been in Prince Edward Island for some time and this big movement presents the results of their efforts up to date.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Acid Indigestion

A gas in the stomach accompanied by a full bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal action of the vital internal organs, often affecting the heart. It is the worst of folly to neglect such a serious condition or to treat with ordinary laxatives and take a teaspoonful of four tablets in a quarter glass of water right after eating. This will drive the acid, wind and bloated right out of the body, soothe the stomach, neutralize the excess acid and prevent its formation and there is no source of pain. Bismarck Magnesia (in powder or tablet form—never in liquid or milk) is harmless to the stomach, inexpensive to use and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. (Adv.)

**WOULD WELCOME
SALMON TREATY**
Report of Efforts of U.S. to Co-operate with Canada Is Good Sign

Vancouver, Nov. 15.—"We will welcome the measure as a step in the right direction," stated Major J. A. Motherwell, inspector of fisheries for British Columbia, commenting on reported efforts of United States interests to enter into an international treaty with Canada for the protection and propagation of salmon waters of Washington and British Columbia. Major Motherwell returned Sunday from Ottawa where he attended a conference between department officials and B.C. canners and fishermen. It is stated that in the past, United States fishermen have netted seventy-five per cent of sockeyes proceeding to the Fraser River. "Under a treaty," he said, "we would be able to control the size and extent of gear on both sides of the line and to establish regulations whereby the salmon can reach the spawning grounds. We will encourage any efforts to reach a solution. I have not yet been officially advised, however, of the proposed treaty."

Regarding the Ottawa conference, Major Motherwell declared that immediate action along the lines suggested by the B.C. delegation was impossible because of the doubt regarding Government licensing jurisdiction in British Columbia. When representations were made to the Minister of Fisheries it was pointed out that the department was not confident of its authority pending action of the Supreme Court of Canada.

C.N.R. EARNINGS
The gross earnings of the Canadian National Railways, including the Central Vermont Railway, but excluding all lines in Canada west of Lewis and Diamond Junction for the period ended October 31, 1927, were \$8,666,224, as compared with \$8,913,301.39 for the same period of 1926, a decrease of \$247,077.39, or three per cent.

TRANS-PACIFIC MAILS

TO whatever remote corner of the earth civilized man has penetrated—there ENO is to be found. In Canada, where the extremes of climate are often trying, ENO's "Fruit Salt" has been the health safeguard of wise people for more than fifty years.

ENO contains no purgative mineral salts—nothing, in fact, that it might be unwise for you to take. It is a pleasant, sparkling saline, cooling and invigorating. It stimulates the digestive and eliminating organs of the body and keeps the whole system toned up and healthy.

CIVIC PENSIONS PLAN PROGRESSES

By-law in Making to Mould Benefits of Provincial Act to City Use

City Council Has Sharp Discussion on Percentage of Payments

The civic superannuation by-law received a clause by clause consideration before the City Council last night and third reading after amendment. The major change was the increase on a graded scale over the next six years of the amount the city would be required to pay in respect to those in the city's employ before the measure comes into force.

If the city's annual payments were \$15,000 under the by-law as drawn up, they would become \$22,500 by virtue of this increase, explained Alderman E. S. Woodward, who supported Alderman William Marchant in making the change as a compromise requested by one group of the city employees.

As a matter of fact, stated Alderman Marchant, the cost to the city for the first year would be less than \$10,000 and most of this would be found in the reduction that came from paying lower salaries to those in refilling positions.

ASK HIGHER RATES

The point turned on the proportion paid to employees on retirement in respect to their years of service. Under the Provincial Superannuation Act, seventy-fifths of the average salary multiplied by the number of years in service was payable, under this head. To its own employees the Provincial Government paid on the basis of fiftieths, or an increase of fifty per cent in proportion. The City Hall staff, in agreeing to the city by-law asked the inclusion of the higher rate of pensioning.

Alderman H. C. Holmes opposed the compromise, on the ground that the increase it meant was incalculable over a term of years, and was a direct rise of fifty per cent of what the city would have to meet yearly after the sixth year. He would sooner see the Provincial Superannuation Act in force, he stated.

MAXIMUM IN SIX YEARS

The Provincial Act meant a city payment of \$29,000 yearly instead of the actual cost payments from revenue, Alderman Marchant replied, adding that the compromise was a fair one when the Government did as much for its employees. The provision carried at the higher rate, and will start on the lower scale rising to the higher gradually, reaching the maximum payments in six years.

The retiring ages were set at fifty for a fireman, fifty-five for a police officer and a female employee, sixty for other male employees in non-active capacities, the whole being optional in the sense that superannuation before due date will rest at the request of the employee or the discretion of the city.

Making the by-laws on all four with the Provincial Superannuation Act in so far as the city now has authority, the measure includes service rights for those who were absent from the city's employ by reason of service overseas. Every employee of the city who is willing to come within the scheme may be benefited and the measure will take effect on December 1, if ratified.

CIVIC SERVICE COMMITTEE

A civic service committee will pass on appointments and superannuation affairs, appointed by councils from time to time. The employees can increase their rate of contribution beyond the four per cent of their salaries named in the by-law, but cannot increase the share paid by the city. The city will pay five per cent on the earnings of the funds, separate accounts being kept in each case. Provision for dependents is made, as for discharge and other contingencies.

The by-law makes room for legislative amendment, as and when secured to allow optional choice of single life, joint life and other plans at the discretion of the employee in respect to the receipt of benefits. The by-law, according to the council discussion last night, will be given twelve months trial before other changes are sought, requiring legislation. The measure was drafted to give all the benefits of the Provincial Superannuation Act at an absolute current cost basis to the city treasury.

With the exception of the fire fighters the measure has already received conditional support from the four groups of city employees asking pension provision. The fire fighters are standing firm in their request for the Provincial Superannuation Act, it was reported. This week the special committee will meet the various groups again on the settlement of the remaining points outstanding.

Langford

Langford, Nov. 14.—Mrs. H. A. Hincks entertained on Saturday afternoon in honor of her daughter Eileen Nora's eleventh birthday. Merry games and competition were played. The birthday cake with icing in three colors was the centre of attraction on the tea table and was made by Stella Hincks. A delightful surprise to the children was the appearance of a dwarf who presented each visitor with a little gift after they had entertained the company in some way. The children present were: Cecily and Pamela Bennett, Betty and Margaret Smedley, Ruth Pearce, Stella and Eileen Hincks, Elizabeth Welch, Georgina and Betty Cooney, Kenneth Hincks, Henry Bennett, Patricia Cooney, Oswald and Claude Hincks.

The fortnightly card-party will be held in the Women's Institute Hall on Burford Avenue on Wednesday evening. Visitors will be welcomed and prizes awarded to the highest scorers.

Every pupil in the Langford School was given a poppy on Friday, Armistice Day, through the kindness of a friend. The two minutes silence was observed and short addresses on the subject of "Armistice."

Despite the inclement weather, on Friday afternoon a good number of local residents and some Victoria visitors were present at the annual Armistice Poppy Tea held at the home of Mrs. Alexander G. Mackie. J. B. Ramsden was chairman and opened the programme with a patriotic speech. A musical programme followed, those contributing being: Mrs. G. Sheppard, Mrs. Norman Brown, Mrs. Albert Bayles, Miss Unice Campbell, J. Frank Smedley contributed. W. H. Watts accompanied several of the singers and also rendered a pianoforte solo. Miss Ada Simpson delighted the company with three well executed pianoforte solos. During the afternoon poppies were sold.

by Mrs. George Cooney, the proceeds from which are added to the fund for disabled soldiers. Afternoon tea was served by Mrs. A. Mackie, Mrs. G. Cooney and Mrs. William Bartle and choice chrysanthemums decorated the room. Visitors were Mr. and Mrs. W. Tompkins, Mrs. G. Sheppard, W. H. Watts, J. B. Ramsden of Esquimalt and Miss Unice Campbell of Vancouver.

A meeting of the Ladies of St. Matthew's Guild was held at the home of Mrs. Geoffrey Heal, Oak Bay, with the president, Mrs. Ernest Goucher in the chair. Mrs. H. A. Hincks, secretary-treasurer, reported that some of the

fruit and vegetables from the harvest festival had been given away and the remainder sold for \$3.53. Arrangements were made for a sale of w.c. and home cooking, to which all friends are invited to contribute on November 30. Mrs. George Cooney kindly offering her home for this event. A Christmas tree for the children and musical items will also be attractions. At the conclusion of the business tea was served by the hostess.

PRIZES AWARDED AT QUEBEC APPLE SHOW

Montreal, Nov. 15.—Final awards

have been placed in the various classes at the apple exhibition which opened here yesterday.

Morley Honey of Abbotsford, Que., won the Quebec Minister of Agriculture Challenge Cup presented by Hon. J. E. Caron for the best box of apples in the exhibition.

Indell Waddell, Covey Hill, Que., won the Bank of Commerce Cup for the best packed barrel of apples, with his entry of McIntoshes.

The Associated Growers of British Columbia won first prize in the national McIntosh class, open to any Canadian grower.

Rebels Killed in Battle in Mexico

Mexico City, Nov. 15.—The rebel leader, Frederic Fabila, his son Roberto, and twenty-two followers were killed in battle with Federal troops at La Espuela, State of Mexico, dispatches from Toluca say.

What sort of face does an auctioneer like?—One that is for-bidding.

CHARGE FOLLOWS DEATH

Sault Ste. Marie, Ont., Nov. 15.—Charles McDonald of Sault Ste. Marie, arrested yesterday in connection with the death of Alfred Foster at Dunn's Valley as a result of a hunting accident, to-day was out on bail of \$5,000. It is said McDonald mistook a horse for a moose and shot at it, killing his friend, who was leading the animal.

Economy is the fine art of doing without something without your neighbors suspecting it.

NOTABLE ACTS FOR CITY TEMPLE SHOW

Clowns, Trapeze Performers
and Tight Wire Artists on
Bill

The management of the City Temple Fair has secured for the show some notable acts which have never before been witnessed by Victoria citizens.

Among the group of headline performers will be the famous Zerado Troupe, who were prominent for many years in their association with Barnum's circus; circus clowns, merchants in mercurial will be imported. Trapeze performers in trampoline acts will be on the bill.

One of the leading tight-wire artists on the continent is also scheduled on the four-day programme of circus stunts, namely, F. K. McMan.

Prominent also with the circus will be the famous Miss Belle Wheeler, formerly connected with the Sells-Floto Circus. This lady is one of the most popular of the feminine artists on the boards.

Captain Trueblood will have charge of all the circus programme and the performance of the trained animals will be under his personal direction. While the fancy fair will run continuously from Wednesday afternoon, circus performances will be scheduled for each evening and matinees on Wednesday and Saturday.

On the two afternoons, Thursday and Friday, December 1 and 2, when there are circus performances, special features will be on the fair programme, as follows:

Thursday—Afternoon, baby show. Already nearly fifty babies have been entered for competition. Dr. Price, city health officer, has consented to act as adjudicator. Nurse will be in attendance and every possible care in extra-heated rooms, by courtesy of B.C. Electric will be taken of the children. Each mother will receive a full medical report on her baby which will be of great value. Four first prizes, four second prizes and a blue ribbon prize for the best baby among the prize-winners will be among the trophies as well as a special prize for the best pair of twins. These valuable awards have been donated by Victoria tradesmen and will be announced later.

On Friday the special feature will be the arrival of Santa Claus, who makes his appearance at the Armories about 4.30 in the afternoon, in his carriage drawn by six ponies. Each afternoon and evening four of the leading dancing schools of the city will have from forty to seventy-five of their pupils, respectively, making over 200 little dancers, who will be responsible for a delightful terpsichorean programme of fancy, ballet and solo dancing, the following art dancing schools being represented: Pupils of Miss Mona Jewell, Miss Violet Powkes, Miss Nellie Thacker and Mrs. L. H. Gaskill.

His Honor the Lieutenant-Governor and Miss Mackenzie will open the fair, which will run for four days on Wednesday afternoon, November 30. The Government House Party will be greeted with an escort of fifty little ladies in dancing costumes and they will act as a dainty guard of honor for the distinguished visitors.

Coincident with the attendance of His Honor and Miss Mackenzie a special ballet programme has been arranged with the Scotch motif in the dancing programme. The City Temple bandmaster, Chas. Raine, has also arranged a specially prepared Scotch programme of airs and marches in honor of the Lieutenant-Governor and Miss Mackenzie.

HOSPITAL BILLS ARE B.C. PROBLEM

Who Pays For Patients in Institutions Subject of Research

In its search for information as to what proportion of those who receive the benefit of "patient days" in hospital are able and willing to pay for the comforts of being attended while ailing, the City Council has uncovered the fact that for the larger type of institutions in British Columbia something under fifty-four per cent of the bills receivable are paid, on the average.

The Vancouver General Hospital collected fifty-five per cent for the past ten months, the council was informed by letter from that institution. New Westminster patients contributed 50.25 per cent to the upkeep of their institution in the same period. Victoria in respect to the Jubilee, showed forty-five per cent collections, the approximate figure given by Alderman P. R. Brown to the City Council last night. Prince Rupert topped the four with collections of sixty-five per cent for the same period, ten months.

HEALTH INSURANCE

Provincial Health Insurance, advocated by the city of Kamloops, came before the City Council with a new meaning at the disclosure of the sum of the unpaid bills common to British Columbia institutions.

Also before the council from the finance committee report was a request by the membership of the Y.M.C.A. board that the city assume its share of accumulating arrears by making a grant of \$5,000 yearly to that institution, instead of the tax rebate amounting to \$1,572 now given.

The city's annual contribution to the

Ganges

Ganges, Nov. 15.—Armistice services were held in the Mahon Hall on Friday morning. Rev. J. W. Flinton, Rev. Mr. Atkinson and Rev. Mr. McNaughton were in charge of the service, and the two-minute silence was kept. All the school children from the Ganges schools attended.

Mrs. R. Toynbee and Mrs. Gavin Moutat are the guests of Mrs. Mercer at Nanaimo.

The Badminton Club of Central, held a dance in the hall at Central on Thursday evening. Mr. and Mrs. Eaton

and F. Downey supplied the music for the dance.

St. Mark's Guild members will hold a musical afternoon tea, and also have a table of fancy work at Mrs. Norman Wilson's home, "Barnsbury," on November 23.

The Guild of Sunshine members held a sale of work in their room, over the Trading Company, on Saturday afternoon. Mrs. Stacey had the home cooking stall; Mrs. Barkerville, handkerchiefs; Mrs. Shore, the home-made candies; Mrs. Ringwood and Mrs. Johnson, sewing; Mrs. Gilbert, the proper weight of a fruit cake donated by Mrs. Stacey. The members of the guild will serve the tea for the children's fancy dress that is being given by the hospital board on next Saturday afternoon.

The Duncan ladies' hockey team played the Ganges ladies team on the Mahon Hall ground. Ganges team won, 6 to 3.

The returned men of Salt Spring Island held their annual dinner at Harbor House on Friday evening.

Forty-three were present. Major Turner was chairman for the evening. About thirty other returned men had accepted, but were unable to attend, owing to the snow. A very jolly time was had, speeches and songs were in order. Among the songs sang was "Tipperary" and "Oh, It's a Lovely War."

A military five hundred drive was held in the Institute Hall at Pufford by members of the Institute. Owing to the snow, there was a very small attendance, only seven tables playing.

Miss N. Watson, R. N. Former, matron of the Lady Minto Hospital, is the guest of Dr. Sutherland.

A shipment of jams, jellies and bottled fruits was made last week by members of the Women's Institute to the Bolarium.

Mrs. E. Blackburn and Mr. Peter Blackburn left on Thursday to be the guests of Mrs. Coote, 1280 Matthews Avenue, Vancouver.

Mrs. Arthur Eaton returned on Thursday from a visit to her son, Mr. Fred Morris in Bellingham.

OBITUARY

There passed away at the home of her daughter and son-in-law, Mr. and Mrs. S. H. Clayton of Leicester, England, on Saturday last, Ada Elizabeth Hughes, relict of William Hughes. Mrs. Hughes was a visitor to Victoria in July, 1922, and made a host of friends. She returned to England in August, 1923, having greatly enjoyed her holiday amongst her four resident children. Since reaching home she has never missed an opportunity to talk of the scenic beauties and atmosphere

conditions of Vancouver Island. Remaining to mourn their loss are Mrs. P. J. Woodley, Mrs. A. E. Cotton, Mrs. E. Nelson, W. H. Hughes and ten grandchildren in Victoria, and Mrs. S. H. Clayton and T. Hughes and three grandchildren in Leicester. Mrs. Hughes would have attained her seventy-second birthday had she lived till Christmas Day.

The funeral of the late William French, who passed away suddenly Sunday morning, will take place from the Thompson Funeral Home, Quadra Street, on Thursday morning at 10:30 o'clock, after which the remains will be laid at rest in Ross Bay Cemetery.

The funeral of the late Henry Mycock, who passed away on Sunday, will be held from the B.C. Funeral Chapel on Wednesday, at 2 o'clock. Interment will be made at Royal Oak Burial Park, on the site of which the Mr. Mycock farmed for many years. He is survived by his widow, two daughters, Mrs. E. Duval and Mrs. H. Brewster, also three sons, A. J., R. H., and Jessie, all in Victoria.

The funeral of Mrs. Elizabeth Carroll, who passed away in this city November 11, was held yesterday afternoon at 2 o'clock at the family residence, 611 Wilson Street. A large number of friends were present and many beautiful floral tributes covered the casket. Rev. James Strachan officiated, assisted by Rev. J. S. Patterson. During the service Mrs. Orton R. Carroll sang as a solo "My Task." The following acted as pallbearers: W. R. Johnson, A. Buchanan, A. Strickland, J. Middleton, K. A. Stewart and N. Stanley. Interment was made in the Royal Oak Burial Park, with S. J. Curry and Son acting as funeral directors.

TO DISCUSS FUTURE OF TOURISTS' CAMP

The future of the auto camp at Curtis Point will be discussed at a meeting of the tourist trade group of the Victoria Chamber of Commerce to be held Friday at noon under the chairmanship of C. P. Hill.

Extra taxes levied by Saanich against the camp have caused considerable discussion and the suggestion has been made that it may be necessary to close the camp next summer on account of the extra cost involved. Saanich has refused to consider requests made for a reduction which have been made by the group.

A special committee has had the matter under consideration and will present a report concerning the future operations of the camp which will include recommendation to the City Council.

NEWS IN BRIEF

The Tillikum Juvenile Football Club will hold a dance Friday at Hampton Hall, Burnside Road.

Alderman James Adam will officially represent the City Council at the Isard recital at the Royal Victoria Theatre this evening.

The tender of Moore & Whittington for incidental lumber required, at \$107.50, was accepted by the City Council last night, on the request of its finance committee.

Following is the line-up of the Hudson's Bay Team which will play the Tillikums to-morrow afternoon, Shrimpton, Hagin, Gardner, Kerben, Woodley, Oakman, Addie, Fish, King, Nair, and Collier; reserve, Cull.

Poplars lining the north side of Bay Street will be removed by order of the city, following action to that effect of the City Council session last night. The trees offended when their roots burst into a city trunk sewer.

This evening and on each succeeding Tuesday evening until Christmas, a series of the Guild of Health will be held in the Memorial Hall chapel. An address on each occasion will be given by the warden, Rev. T. E. Rowe.

Members of the Junior Chamber of Commerce will inspect the plant of the Ormond Biscuit Company Thursday morning, following the first of a series of visits to local plants. Those wishing to go are asked to meet at the Chamber of Commerce at 1:15 o'clock.

J. Nasmith, charged with bringing a cartoon of 200 American cigarettes here aboard a Canadian Pacific vessel, where he was employed, pleaded guilty before Magistrate Jay this morning and was fined \$50 and \$5 costs. Special Customs Officer George Norris gave the facts of the case to C. L. Harrison, city prosecutor.

Following a precedent established in former years and not generally known, the City Council last night accepted a trust for the perpetual upkeep of a grave at Ross Bay by means of a \$200 Canadian War Loan bond deposited for the purpose by the Royal Trust Company, agent for the estate.

The November meeting of Post No. 1, Native Sons of British Columbia, will be held in the Victoria Clubrooms, Campbell Building, on Thursday evening, November 17, at 8 o'clock. Grand Factor W. A. Kinsman expects all members to be present as a number of subjects of interest to all Native Sons will be discussed.

Tenders for the purchase of an exhaust air fan and motor now located in the former jail building in the rear of the City Hall will be received by E. S. Mitchell, city purchasing agent, up to Monday. The fan is to be removed before the building is torn down to make way for drainage and other repairs at the City Hall.

An engraved silver cigarette case was last evening presented to Sergeant-Major Wilson of Rithet Street by members of the Sergeants' Mess of the 16th Battalion, Canadian Scottish Regiment. C.S.M. William Lisney made the presentation, after which sergeant-major Wilson thanked his colleagues for their kind gift and the remembrance of his birthday.

Members of the local branch of the Royal Society of St. George will hold a musical and social evening this evening in the Conservative Club rooms, Campbell Building, at 8 o'clock. Following the musical programme, refreshments will be served, to be donated by members. An informal dance will follow, Fred Pitt being the accompanist. Card games will be provided.

"With Chittenden and Maynard on the Queen Charlotte Islands in 1884" will be the subject of an illustrated address by W. A. Newcombe in the Provincial Archives Department on Thursday at 8 p.m. The address will be given under the auspices of the B.C. Historical Association, and A. H. Maynard will show a series of pictures illustrating a tour of the Queen Charlotte Islands forty-three years ago.

The Saanich Police Department's annual ball, to be held on Friday, November 18, promises to be one of the most successful affairs of its kind in the history of the municipality. Plans are now maturing for the big event. A Flying Line bus will leave Victoria at 8:30 o'clock, taking on passengers for the dance at the Dominion Hotel. Fine music and delightful refreshments will feature the evening of entertainment.

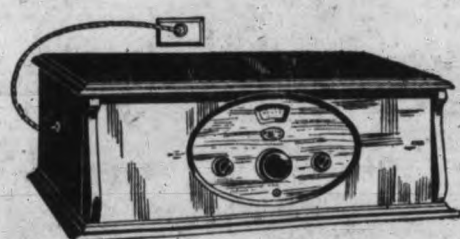

The buy-a-lot campaign of the city lands department as a Christmas slogan is receiving considerable support, it was reported by the city lands committee last night at the council meeting. Alderman C. C. Dewar, chairman of the committee, disclosed four sales of residential property for prices ranging from \$300 to \$750 in various parts of the city. Elizabeth Day, Mary Day, A. R. Kirk and Max E. Lohbrunner were the purchasers.

William Pistell, charged with driving to the common danger along Quadra Street on November 13, was fined \$20 by Magistrate Jay in city police court this morning when he pleaded guilty. Constable Albert Wells related the circumstances of his arrest to the court, alleging that the accused had driven at a speed between thirty-eight and forty-two miles per hour, and had apparently been racing with another car, driven by a juvenile, who would be charged in the juvenile court.

The Elgin streetsweeper ordered for the street cleaning department of the city arrived in Victoria yesterday and ran its first trials through the streets of the city. If satisfactory the machine will go into service early, replacing a number of street employees who will come under the superannuation scheme. The cost of the machine and the cost of the superannuation in this department will be included in the payroll in the first year, the council was told recently by its works committee.

On Friday, November 18, a lecture will be given in the Strawberry Vale Hall at 8 p.m. by the Rev. C. H. E. Cropper entitled "A Visit to Rome." The lecture will be illustrated by slides of the many ancient and celebrated buildings and historical sites for which Rome is famous. The quartet of the Victoria-British Columbia Chorus, the leadership of Mr. Simpson, organist of St. Barnabas Church, will give vocal selections. The proceeds of the evening will be devoted to the Church of the Cathedral building fund.

The Crowning Achievement of Radio Science—The New 1928 Models

Model 220

Powerful Rogers-Batteryless Receiver, single-dial control, completely shielded audio amplification unit, illuminated dial, patented Rogers A/C Power Tube, finely-finished walnut cabinet. \$280.00 complete, except speaker.

Model 250

A five-tube Rogers-Batteryless Receiver, with completely shielded audio amplification unit. Walnut finish cabinet, \$220.00 complete, except speaker.

No Batteries

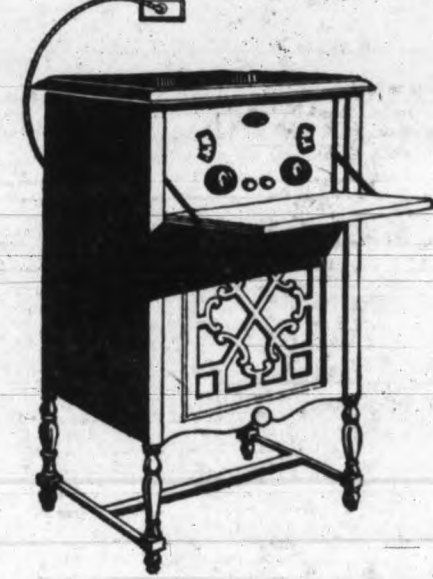

No Chemicals

In 1925, while skeptics and critics were loudly declaring that the direct operation of a radio set from A/C current (eliminating all batteries, chemicals, chargers, etc.) could not be done, young "Ted" Rogers, of Toronto, DID IT—and this, Canada's contribution to the development and progress of radio, was the greatest forward step since the invention of the vacuum tube.

Now, in its third year, the Rogers stands supreme as the pioneer of "Electric" Radios. Today radio sets operating direct from any light socket, without batteries, chemicals or chargers, are not merely an accepted success but are the standard, and will, within another year, completely supersede battery sets where electric current is available.

Cameo Console

A 5-tube Rogers-Batteryless Receiver, combined with Junior Symphony Horn—a very compact yet efficient and powerful Receiver.

Three Years of Proven Performance

With such a record behind it, everyone who intends to buy a radio this Fall should see and hear the Rogers now. There will be a hundred special events broadcast this season that you won't want to miss. If used only for these major events a Rogers will more than repay you. Then there will be the myriad of daily programs to afford you pleasure and entertainment by the touch of a button and turn of a dial—today, tomorrow—for years to come.

Let Us Demonstrate in Your Home

The place to test a radio is where it is going to be used—in your home. We will place a Rogers in your home for test and demonstration, and if it does not perform to YOUR satisfaction you may return it FREE of all cost. Rogers sets cost you no more than any other first-grade radio—\$220 to \$435 for the standard models—payable on terms to suit you. It takes only a few minutes to instal a Rogers and less than 5c a week to operate it.

JUNIOR CHAMBER TO ASSIST INDUSTRY

Meeting Called in Interests of Seed and Bulb Production

Arrangements were commenced for a meeting of all persons interested in the growing and marketing of bulbs and seeds, at a meeting of the Junior Chamber of Commerce last night. The meeting will be held in the Chamber of Commerce on Monday, November 28, at 8 o'clock.

A special committee of the Junior Chamber of Commerce has investigated the local situation and has made a survey which indicates that there has been a marked increase in importation of bulbs and seeds to this Province during the past few years, and the views of the growers will be sought for the purpose of finding a solution for stimulating the industry on the southern portion of Vancouver Island. There is little doubt but that the local climate and soil are especially adapted to the cultivation of these products; that the present difficulties can be overcome and a flourishing industry can be created.

In this connection the Junior Chamber of Commerce is anxious to lend its assistance to the limit in an effort to materially better the market for the growers.

HEAVY SNOW DOES DAMAGE AT GANGES

Many Telephone Poles Down; Fruit Trees Suffer

Ganges, Nov. 15.—Friday and Saturday's snow put every telephone line out of business with the exception of three short lines at Ganges. All long distance lines are out with one exception. Linemen have been working almost continuously, and are rapidly repairing the damage. Wires are twisted and broken, and telephone poles down. About two miles of British Columbia telephone poles have been knocked almost flat. Fruit trees have been badly damaged, the heavy snow tearing off the branches, and even breaking the trees off short.

BAKERY NOW OPEN FOR INSPECTION

Shelly's to Hold "Open House" For Next Four Evenings

Commencing to-night from 7 o'clock until 9 o'clock the Victoria plant of Shelly's Limited will be thrown open to visitors for four nights. Guides will be on hand to take visitors over the premises, located at 2629 Prior Street, where they will see the bread and other products in the making, from the dough to the finished article. It is expected hundreds will take this opportunity to see one of the finest bakery plants in the Province.

The story of 4X growth and development ranks high among the many sensational developments in British Columbia industry during the last twenty years. It is the story of a small store in Vancouver replaced by the largest and most modern daylight bakery plant in Western Canada, and ranking with the finest in Canada, capable of producing over 100,000 loaves a day, in addition to cakes, cookies, macaroons and other bakery products of the highest quality.

The company now has branches in many cities in British Columbia as well as a prairie chain of plants.

In Vancouver where the company recently held an "open house" no less than 19,000 people inspected the modern plant.

Roy A. Hunter, advertising manager of the Canadian Bakeries Limited, Vancouver, is visiting Victoria in connection with the open house.

PRIZE LETTER CONTEST ENDS AT MIDNIGHT

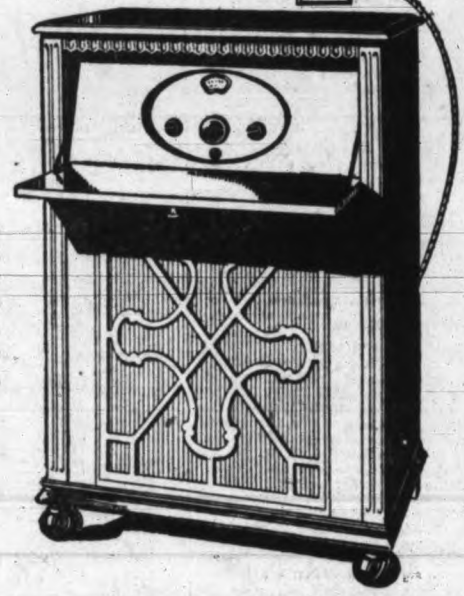

Midnight to-night has been set by the committee as the time limit on the boys' and girls' letter writing contest on the subject "Why the Laundry Should Do My Washing."

Letters mailed to the New Method Laundries, 947 North Park Street, and postmarked before midnight will be accepted, it was announced.

To-morrow Mrs. H. P. Hodges of the Victoria Daily Times and Miss Ethel M. Bruce of The Daily Colonist will start to sort out the winners of the \$50, \$30 and \$20 cash prizes offered for the three best letters. The limit of 300 words on each letter, has resulted in a large number being received.

Symphony Console 200A

Cameo Radio Receiver as Model 220, with Rogers Symphony Speaker in beautiful walnut Console Cabinet, \$435.00

of experience as an examiner in music and adjudicator at musical festivals. He leaves his widow and one son Clifford Hodgson.

Funeral service will be held Thursday afternoon, Nov. 17, at 2:30 o'clock at the parlour of the S. J. Curry & Son Funeral Home, corner Quadra and Broughton Streets. Interment will be made in the Royal Oak Burial Park.

DR. J. E. HODGSON DIED SUDDENLY

Was Prominent Music Teacher of International Reputation

Dr. John Edward Hodgson, one of the city's most prominent musicians and teachers with an international reputation, passed away suddenly yesterday afternoon at his residence, 541 Niagara Street, aged fifty-four years. He was a Doctor of Music and Fellow of the Royal College of Organists.

Dr. Hodgson, who was born in Yorkshire fifty-four years ago, had been a resident of Victoria for five years, coming here from Calgary, where he had been supervisor of music for that city. He first arrived in Canada in 1913.

During the five years of his residence here Dr. Hodgson took a prominent part in the musical life of the city. Besides practicing his profession as a teacher of music, he was supervisor of music at the High School and received the appointment of organist at the Christian Science Church.

Dr. Hodgson had a distinguished musical career in the Old Country before coming to Canada. He was organist to the Glasgow Choral Union and Scottish orchestra, conducted by Sir Frederick Cowen and Dr. Henry Coward, from 1906 to 1911, and was associated choralmaster with Dr. Coward. He was organist to the Sheffield choir in 1911 on the world tour under the conductorship of Sir Edward Elgar. Dr. Coward and Dr. Harris, touring Canada, the United States, Australia, New Zealand and South Africa. He was a graduate in music of Durham, Eng., and McGill Universities, was director of studies at the Conservatory of Music, Regina College, and at Mount Royal College, Calgary, and had a great deal

Jury Tampering Being Investigated

Washington, Nov. 15.—An investigation to determine whether there has been a criminal contempt of the District of Columbia Supreme Court in connection with the Fair-Sinclair trial jury surveillance scandal was ordered to-day by Justice Frederick L. Siddons.

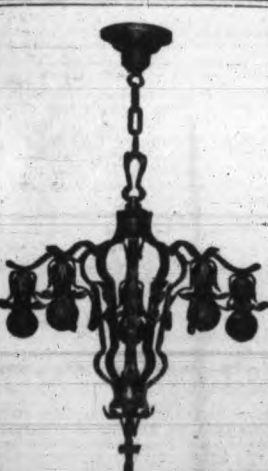

Mrs. Homer-Dixon left last evening for Vancouver where she will spend the next two weeks as the guest of her brother, Mr. Lorne Cameron.

HOCKEY, BOXING TIMES SPORTING NEWS BASKETBALL, RUGBY

MAJOR HOCKEY TEAMS SET OUT ON LONG GRIND

Ten Teams in the National Hockey League Will Get Started To-night

Great Season Ahead With Forty-four Games For Each Club; Teams in Good Shape

Ottawa, Nov. 15.—The big league hockey season of 1927-28 opens to-night with all ten teams in the National Hockey League participating. Each team will play forty-four games during the season which will terminate late in March. The opening games of the league to-night are:

At Boston—Chicago Black Hawks and Boston Bruins.

At New York—New York Americans and Les Canadiens (Montreal).

At Pittsburgh—Pittsburgh Pirates and Detroit Cougars.

At Toronto—Toronto Maple Leafs and New York Rangers.

At Ottawa—Ottawa Senators and Montreal Maroons.

ALL THE FRILLS

While Canadian cities take their hockey without undue emotion, the United States cities are preparing to open their home town schedule with social ceremonies. The opening of the N.H.L. in New York City promises to be one of the gala social events of the year with Mayor James J. Walker throwing in the punch.

The Boston game will be graced by the presence of the Board of Governors of the N.H.L., who were in session in that city yesterday. Of the American teams, New York Americans have made several changes in their lineup from last year, considerably strengthening the team. Art Ross's Boston Bruins have been overhauled and new faces appear on the regular lineup.

Chicago Black Hawks have retained most of their old stars but have strengthened their defence with a number of new players.

Detroit Cougars have strengthened their team by the Pittsburgh Pirates retain their old crew.

Canadian teams remain very much the same as last year with a few changes made in the substitute players. Toronto has made the most changes among the Canadians.

TWO DIVISIONS

As last year, the league will be divided into two divisions, one known as the international group, and including the four Canadian outfits, along with the New York Americans. The other five clubs are in the American division. Teams finishing first and second in each group play off at the end of the season to decide the intergroup contestants for the Stanley Cup title series.

Four new managers will make their debut. "Wilfred" Green, former right-winger, will be in charge of the New York Americans; Barney Stanley, a Western Canadian hockey product, will manage the Chicago Black Hawks; Connie Smythe, who played the University of Toronto, will direct the Detroit Cougars; and Art Ross, former Ottawa sub centre player, will be in charge of the Detroit Cougars.

Boston, Nov. 15.—Representatives of eight of the ten clubs in the National Hockey League yesterday attended a pre-season meeting of the Board of Governors of the league here. In a statement after the meeting President Frank Calder said that only routine business had engaged the attention of the board. The Chicago, was delayed in arriving and his club and Detroit were represented by proxies.

The National League accepted a trophy given in memory of the late George W. Kendall, whose stage name was George Kennedy, and who at one time was owner of Les Canadiens of Montreal. The trophy was offered for competition between the two Montreal clubs, the Maroons and Les Canadiens.

London, Ont., Nov. 15.—London Panthers defeated Niagara Falls Cataracts 3-0 to open the Canadian professional hockey here last night. A full house saw an interesting game that had for the bright spot, the great showing of Tom Filmore, the London home boy, who recently signed with the Panthers from the 12th Battery, intermediate champions. After a scoreless first period, Filmore scored twice with great shots to put London ahead 2-0, at the close of the second period.

Boston, Mass., Nov. 15.—Serving notice that spectators must be divorced from hockey in his league, President Vlipland, of the Canadian-American League, yesterday announced that fines of \$25 each had been imposed upon Ponsi Constant of the Boston Tigers, and Jack Gagnon, of the Providence Reds, as a result of a fight in which the players engaged during a game last Saturday night.

Canada and U.S. Will Handle Their Skating Problems Separately

Boston, Mass., Nov. 15.—The International Skating Union of America, which has been the governing body of amateur skating in this country and Canada, was dissolved yesterday at a meeting of representatives of regional skating associations. In its place was formed the Amateur Skating Union of the United States to govern the sport in this country. A purely Canadian body already has been organized. William Carroll Hill of Boston was named president of the new body.

Tunney Is Oh, So Mad At Naughty Rickard

Champion's Smile Has Gone, His Eyes Flash Angrily and His Jaw Tilts Pugnaciously as He Scolds Tex; Says Promoter Does Not Have Him Over Barrel With Ironclad Contract

New York, Nov. 15.—The smiling Gene Tunney, who left two weeks ago for an outing at Sagitt Lake, N.Y., was back in town to-day and ready to declare war on Tex Rickard. The reason was Rickard's alleged business activities with Jack Dempsey and its result was a new type of Tunney whose eyes flashed angrily as he talked, with jaw tilted pugnaciously.

"I have no definite statement to make at this time," Gene said, "pending the result of investigations I am making in regard to Rickard's business activities with Dempsey. But you can bet everything that things in the heavyweight championship fight situation in 1928 will not turn out the way Mr. Rickard hopes and thinks they will."

WILL FIGHT BUT ONCE

Tunney declared that although he wishes to fight three times in 1928 he will not see the promoter for some time and then only to arrange for the single battle Rickard's contract calls for in the coming year.

"If I only fight once it will be because I got licked in the first bout and retire," he said. "After all, I am heavyweight champion of the world and the champion should have something to say about where and when and whom he fights."

DICTATE NO LONGER

"Rickard claims to have an ironclad contract with me that allows him to dictate to me about whatever I do in my boxing career, but my contract, drawn up by capable lawyers, protects and gives me the legal right as well as the right of the champion to say something about what I shall do in my profession. Rickard can dictate to Dempsey and a lot of other heavyweights but he can no longer dictate to me."

ALL THE FRILLS

While Canadian cities take their hockey without undue emotion, the United States cities are preparing to open their home town schedule with social ceremonies. The opening of the N.H.L. in New York City promises to be one of the gala social events of the year with Mayor James J. Walker throwing in the punch.

The Boston game will be graced by the presence of the Board of Governors of the N.H.L., who were in session in that city yesterday. SO NOW IT'S TY THE TIELESS

Ty Cobb hasn't a professional tie in the world now that he and the Philadelphia Athletics have agreed that they can't pay him what he should be paid. You see him here (left) bidding farewell to Connie Mack, the Athletic manager.

Wednesday League Soccer Teams to Resume Schedule

Three Matches Scheduled Tomorrow; Tillicums to Meet Hudson's Bay

Entries For Combination Cup Series to Close Nov. 29; Thistles Play Esquimalt

Wednesday League soccer teams will resume their schedule to-morrow after a week's rest, necessitated through Thanksgiving Day. Three matches will be played with the Hudson's Bay and Tillicums meeting at the Royal Athletic Park in the feature attraction.

The afternoon's programme is as follows: Tillicums vs. Hudson's Bay, Royal Athletic Park, Referee, Hewison. Navy vs. Rennie & Taylor, Beacon Hill, lower ground, Referee, McKay. Garrison vs. Saanich United, Beacon Hill, upper ground, Referee, Kerr. All matches will start at 2.45 o'clock.

A HOT TANGLE

The Bays-Tillicums match should be a real fiery affair as these clubs will fight for second place honors. At present Rennie are leading the league by a two-point margin over the Tillicums and Hudson's Bay, who have each lost one game. The Bays were beaten by the Tillicums 2-0 in their last meeting, while the Tillicums lost out to Rennie, 2-0.

Rennie will field their usual strong team to oppose the Bays. The latter, however, will make a strong effort to hand the league leaders their first defeat of the season. Rennie have won all their games so far this season, except when held to a draw by the Hudson's Bay. In the third match the Garrison will take on the Saanich United. Although the United have not won a match they try hard and may be able to take a couple of points at the expense of the Tommies. The Garrison, however, have played some good games and will try hard for the points.

The teams will be as follows: Tillicums—Salloway, Burns, Brynjolfson, Davis, Clarke, Sewell, Cann, Owens, Wright, Petch and Rigby.

Entries for the Combination Cup series will close on November 29, according to an announcement made last night following the meeting of the Victoria and District Football League. It is expected that the six clubs now competing in the First Division will take part in this competition.

Saanich Thistles vs. Esquimalt, Royal Athletic Park, Referee, Oliver. Victoria Wests vs. Five C's, Beacon Hill, lower ground, Referee, Saunders. Victoria City vs. 16th Canadian Scottish, Beacon Hill, upper ground, Referee, Payne. All games will start at 2.45 o'clock. Should the Thistles win or draw their match with Esquimalt the league championship will be theirs. They need but one more point to capture the First Division honors. Should the Thistles meet defeat in Saturday's match the league title will be at stake the following Saturday when the Thistles oppose Victoria City in the last games of the schedule. If the Thistles are defeated in both their matches and the City win both their games then a tie would result for the league leadership.

Nice Cigars

The sporting editor of The Times was this morning in receipt of a box of cigars from the B.C. Amateur Baseball Association, Matt Hunter, vice-president of the B.C.A.B.A., in the accompanying letter, expressed the thanks of the association for the assistance rendered by The Times during the baseball season. The thanks of The Times are extended to the B.C.A.B.A. with the hope that the association experiences another profitable season next year.

Vancouver Ruggers Here Dec. 10 And Dalhousie Squad On Dec. 28

Vancouver, Nov. 15.—Plans were advanced a stage for the opening McKechnie cup tilt on November 26 between Varsity and Vancouver at a meeting of the Vancouver Rugby Union held last night.

The second McKechnie Cup game is scheduled for December 10 when Vancouver plays Victoria in the Capital City.

Further details were announced in connection with the coming visit of the Dalhousie University fifteen at the Yuletide season, it being intimated that Victoria would be given one game, probably on December 28.

Regina Favorites For Series With Varsity

Prairie Club Has Had Plenty of Experience, While the Coast Champions, Sensations Here, Are Green; Collegians Will Have Advantage in Being at Home in Mud; Visitors May Be Tired After Trip; First Game To-morrow

Vancouver, Nov. 15.—Two teams well schooled in the Queen's, or Bill Hughes method of Canadian football, will oppose each other at Athletic Park Wednesday afternoon, when Regina Rough Riders, staunch veterans of many a tough campaign, and the University of British Columbia, a young but clever outfit, meet each other in the first game of the Western Canada finals.

"Pete" Dolan, who formerly called signals for the Kingston team, was one time mentor of the Rough Riders and taught them much of the brand of play used in the East.

Norm Burley, who coaches the backfielders at U.B.C., played flying wing for the Tri-Color.

EXPECT OPEN GAME

With both teams playing the Eastern style of game, spectators will be assured of much open football. The trend in prairie football has been towards close line plays.

Regina will be the favorites in the series. They have experienced men and have a great record behind them.

Varsity, on the other hand, are a comparatively green team. The collegians, however, have picked up the game wonderfully. Last year U.B.C. was the dominant of the Big Four—this year they were the sensation of the league.

CONDITIONS FAVOR U.B.C.

Two things will be in the University team's favor in this series. The Rough Riders are coming a long way for these games. They will start right off the train Wednesday morning, and go on the field in about six or seven hours' time, to encounter strange playing conditions. The turf in B.C. at all times is considerably softer than the terra firma on the prairies, but this Fall it is not turf, it's just plain mud. Varsity are used to this soft footing and a slippery ball, while Rough Riders cannot have had nearly so much of it as the B.C. team.

In order that English rugby enthusiasts and players may have an opportunity of witnessing the second game of the Western Canada Canadian rugby final between the Regina Rough Riders and Varsity, champions of B.C., the Vancouver Rugby Union has cancelled all its fixtures for next Saturday afternoon at Brockton Point and other grounds. This includes the Miller Cup final between Science and Ex-King George, which will be one of the big cards of the season.

Golfers Assemble At Portland For Big Pro Tourney

First Round For Oregon Championship Will Be Staged Thursday

Portland, Nov. 15.—Professional golfers from Washington and British Columbia were arriving here to-day for the Oregon open tournament which starts Thursday on the Waverly Country Club course. The vanguard reached here yesterday and included in the group were Bill Cooper, Aberdeen, and Johnny Jones and Curley Hueston, both of Seattle. Tommy Armour, national open champion, Bobby Cruikshank and Tony Panero took a whirl at the course yesterday, but the best any of the trio could do was to par the course. The 72 was turned in by Armour.

Mrs. Menendez Will Play Mrs. Eve For Uplands Golf Honor

Mrs. Eve and Mrs. Menendez have won the right to play in the finals for the Jameson Cup at the Uplands Golf Club this week. In the semi-finals Mrs. Eve defeated Mrs. Hope, 5-2, while Mrs. Menendez defeated Miss Grant 3-2.

Baseball Council Is Revived Now Ban Gone

Landis Gets Together With Barnard and Heydler and They Talk Over Things for the Good of Baseball; Hornsby-St. Louis Stock Controversy Settled; Disabled Player List

Chicago, Nov. 15.—The major league baseball advisory council, established when K. M. Landis became commissioner, but operating only spasmodically while Ban Johnson remained at the head of the American League, reorganized yesterday with E. S. Barnard in Johnson's place and John K. Heydler representing the National League.

The Rogers Hornsby-St. Louis Cardinals stock controversy was settled by the two league presidents and Judge Landis by enunciation of a rule that no player shall retain stock in one club after his transfer to another club in the same league or else he becomes ineligible either to play or manage his new club.

A player who has given three years of service to either or both major leagues could not be sent back to the "bushes" on option, under another new rule.

DISABLED PLAYERS

A disabled player list for each club would be created under another new rule. A player injured or sick can be transferred to the disabled list and his place filled on the active roster of twenty-five men, permitted the major league clubs. The disabled player could not be returned to the active list for sixty days.

Several rules of conduct for umpires, both major and minor, were drawn up.

Bapcos, I.E.S. and Rink Rats Winners In Hockey Matches

Commercial League Gets Away to Good Start; Last Year's Champs Defeated

Rink Rats Show Plenty of Class in Defeating Garrison; Good Crowd Attends

Commercial League hockey teams swung into action last night with three fine games at the Arena. The standard of play was very good, considering the fact that these were the first games and the players have not yet got an understanding of each other's play.

The opening ceremony was performed by Alderman James Adam, who faced off the puck and gave a short talk to the players.

In the first game on the programme Bapcos sprung a big surprise by handily defeating the Rink Rats, last year's champions, a 3-0 defeat. The paint slingers were right on the job and well-deserved their victory. McKee, with two goals, and McKee, with one, shared the scoring honors for the winners.

WON BY ODD GOAL

A close match was seen between the International Evening School and the Commercial Travellers, the former winning out by the odd goal in three. Givens and Murray scored for the I.E.S., while Radford sagged the net for the Travelers' lone goal.

The Rink Rats had things pretty much their own way in their match with the Garrison, winning out 2-1. The Arena leads, scored around their opponents, scoring at will.

The teams were as follows: Bapcos—Sidd, Westwood, Sam McKee, Allan Pendray, Ralph Sparks, Art Balm, Jack McPherson, Red Lawson, John Unwin, Harry Broadhead, Philmyer & Ritchie—Fred Noel, Monte Locks, Bob Smith, A. Russell, C. Staples, J. Davidson, F. Tyrell, L. Davis.

I.E.S.—Massey, M.D. McKay, J. A. McKay, Jim Givens, A. Murray, Ken Webster, Dick Muirhead, Ed. Blagiere, U.C.T.—Matt Hunter, D. Spence, Dick Wilson, W. Humberstone, Nelson Locks, Bob Smith, A. Russell, C. Staples, J. Davidson, F. Tyrell, L. Davis.

Rink Rats—B. Symons, Kirby, D. Benwell, A. Spouse, W. Humberstone, Griffin, H. Bay, J. Smart, W. Burnett, Garrison—Corpi, Allen, Pte. Malone, Pte. Charters, Pte. Martin, Pte. Conroy, Pte. Vye, Bdr. Graham, Pte. Bready, Pte. Caldwell.

FOUR NEW TRACK RECORDS SET AT BALTIMORE RACES

Baltimore, Md., Nov. 15.—Four new records were established in as many races at the opening of the Fall meeting of the Bowie race track yesterday. Jack Eddie Ambrose scored a triple triumph, bringing home E. B. McKee's Jack in the \$10,000 Prince George Autumn handicap, the feature event.

Jack won by a length from W. J. Salmon's Black Panther, which in turn was second by a head over H. P. Whitney's Whiskey. The victory bettered the old mark of 1.46 by going the first and a sixteenth in 1.44 3-5.

Jack Ambrose also piloted Gold Bet across the wire a winner in the first race, a six furlong gallop 1.42 1-5, beating the old record by a fifth of a second.

Ambrose was up on Prince of Wales, winner of the second event, another six furlong gallop, negotiating the distance in 1.31 against the previous record of 1.12 2-5.

Workman was aboard Victorian as that horse triumphed in a seven furlong dash in the third race. A new fast time of 1.24 2-5, against the former mark of 1.26 1-5.

Buenos Ayres, Nov. 15.—The twenty-ninth game for the world's chess championship between Jose R. Capablanca, Cuban, and Alexander Alekhine, Russian, was adjourned last night after forty moves.

Adjourn Chess Game

Buenos Ayres, Nov. 15.—The twenty-ninth game for the world's chess championship between Jose R. Capablanca, Cuban, and Alexander Alekhine, Russian, was adjourned last night after forty moves.

Adjourn Chess Game

LEADS PIRATES

RAY WORTERS

Pittsburgh, Pa., Nov. 15.—Ray Worters, goalkeeper on the Pittsburgh National Hockey League team was elected captain last night for this season.

School Boys Will Meet in Thrilling Rugby Encounter

High School and University to Play Second Game of Scott-Moncrieff Series

To-morrow afternoon the Victoria High School and the University School will meet at Mount Talmie in their second rugby match for the Scott-Moncrieff trophy. The University is credited with one win over the High, and unless the local team inflicts a defeat on their opponents this time, they stand little or no chance of winning the honors.

The game promises to be a hard one. University is in particularly good trim just now, having had constant practice in the intermediate league, and against such formidable antagonists as the Brentwood fifteen. Although the High School team has had very few workouts together, the various members have been playing on other teams and are in pretty fair condition.

TO MAKE FIGHT

Pete Turgoose, skipper of the High fifteen, and member for two years of the teams which won the Thompson Cup, has impressed upon the team-mates that to-morrow they are going out to win. Pete himself did big things last year, and it is expected he will head some pretty fine plays in to-morrow's game. The forward line which was a little weak in the earlier games has been strengthened and Jack Gann, who is probably the best forward on the team, is confident his pack will give a good account of itself.

The University School has a fine team which, however, will not be allowed to play the graduates who have been appearing with distinction in the Intermediate League series. The Scott-Moncrieff competition is for present students.

Athlete Injured

Kingston, Ont., Nov. 15.—Don McKay, former star hockey player and rugby player, of Kitchener, and son of G. B. McKay, of Kitchener, president of the Ontario Hockey Association, sustained a concussion of the brain while playing for Arts in the inter-club semi-final game here yesterday. McKay, who is a freshman at Queen's, received a heavy tackle and injured his head. He resumed playing, however, and at the end of the game collapsed.

In the same game J. G. Richmond, of Hamilton, a second-year arts student, received a very severe laceration of the internal lateral ligament of the leg, which will, the doctors say, prevent him from ever playing rugby again.

Kingston St. Club Will Resurface Courts Next Year

Club is in Splendid Financial Shape and Decides on Improvements

W. H. Williams, Re-elected President; Put Club in Good Shape This Year

At the annual meeting of the Kingston Street Tennis Club held last night splendid reports were received regarding the condition of the club. At the last annual gathering the club faced a deficit but during the past year that shortage has been cared for and a balance now reposes in the bank.

As a result of the healthy condition of the club a recommendation was presented to the meeting last night that the courts be resurfaced before the next playing season opens. This was unanimously agreed and the club will have the finest clay courts in British Columbia when pay opens.

RE-ELECT PRESIDENT

W. H. Williams was re-elected president of the club along with the secretary-treasurer, J. R. Stone. These two officials have worked hard during the past year and have been instrumental in placing the club on a good footing.

Other officers elected were as follows:

Tonorary president, J. G. Brown; honorary vice-president, W. H. Wilkerson, B. P. Schwengers and W. S. Perry; vice-president, H. Barnes, and executive committee, Mrs. Chalmers, Mrs. Freeman, Miss Kenning, Miss Bartholomew and Miss Elkington and Messrs. Galloway, Burgess, Kesson, Hodgson, Box, Fraser and Hocking.

Elks Score a Win Over Macaulay Pt.

The Elks defeated the Macaulay Point Golf Club in a team match on Sunday, by 43½ points to 26½. Art Christopher's win over Jack Matson, the city champion, was the feature. The scores with the Elks named first in each case, were as follows:

SINGLES
J. Matson 0; A. Christopher 3.
B. Wilson 3; E. D. Freeman 0.
P. Edmunds 3; T. Angus 0.
J. Savident 3; W. S. Morris 3.
A. Falk 3; J. Burns 0.
H. Collings 2½; A. Youngman ½.
A. Findlay ½; J. Smart 2½.
A. F. Thomas ½; Major A. Warder 2½.

FOUR BALL
J. Oddy 2½; D. Fyvie ½.
W. Watson 3; J. Lister 0.
S. Peele ½; G. Jones 2½.
J. H. McConnell 3; W. B. Christopher 0.
E. Scott 2½; D. Matthews 2½.
K. Perry ½; H. Campbell ½.
Elks 24½; Macaulay Point 17½.

FOUR BALL
J. Matson and B. Wilson 0; A. Christopher and Freeman 4.
J. Savident and Edmunds 4; W. S. Morris and Angus 0.
A. Falk and Collings 4; J. Burns and Youngman 0.
A. Findlay and Thomas 3; Major Warder and Smart 1.
J. Oddy and Watson 3; D. Fyvie and Lister 1.
S. Peele and McConnell 1; G. Jones and Christopher 3.
E. Scott and Perry 4; D. Mathews and Campbell 0.
Elks 19; Macaulay 9.
Elks, total 43½; Macaulay Point total 26½.

Elect Mrs. Wilding Captain of Women Of Uplands Club

The annual meeting of the ladies of Uplands Golf Club was held at the clubhouse, the retiring committee serving tea before the meeting commenced. There were forty members present.

Miss Cass, the captain, read a report of the year's activities, commenting on the splendid showing the Uplands ladies made in the recent city championship, capturing the championship and two of the three other flights. Miss Cass acknowledged the presentation of a beautiful silver basket by the Jameson Motor Company Limited, for competition among "B" players, and also Mr. Caven's ready help at all times.

Mrs. Wilding was elected captain for the ensuing year. Miss Haccoks, secretary, and a committee consisting of Mrs. Eve, Misses Cass and Wolfenden.

On Saturday next the regular monthly medal will be played at Uplands. Entries must be phoned to 3574 before 5 o'clock Thursday.

St. Andrew's Cathedral Filled
to Overflowing For Welcome
to His Excellency

Clergy and Laity Present Ad-
dresses at Colorful Service
Last Night

St. Andrew's Cathedral was filled to overflowing last evening when the clergy and laity of the Diocese of Victoria tendered formal welcome to His Excellency the Most Reverend Andrea Casullo, Apostolic Delegate to Canada and Newfoundland. The scene was a brilliant and impressive one, the resplendent robes of His Excellency and of the Bishop of Victoria, the rich vestments of the visiting and local clergy, the robes of the acolytes, and the full dress uniforms of the guard of honor, composed of fourth degree Knights of Columbus, forming a colorful pageantry almost medieval in its splendor and dignity.

Hundreds of lighted candles blazed from the high altar. From the walls of pulpit, sanctuary and pillar hung the flags of yellow and white, with the papal keys and tiara superimposed, while yellow and white chrysanthemums were massed at the feet of the statures.

COLORFUL PAGEANT

In full state robes, with the purple cappa magna and train and cappa minor of scarlet, His Excellency proceeded from the Bishop's Palace at 8 o'clock, accompanied by Rt. Rev. Mgr. Leterme. At the entrance to the cathedral he was formally received by Rt. Rev. Bishop O'Donnell, in robes of purple with rochet and cope of cloth of gold, with mitre and crozier, attended by Rev. A. B. Wood, deacon, and Rev. J. H. Buckley.

Knights of Columbus in charge of Capt. V. I. Curmi, acted as a guard of honor, and members of the Holy Name Society, the young men's, lined the street along the route, and after the entry of His Excellency took their seats at the front of the nave.

With clergy, cross-bearers, members of the clergy and acolytes, the colorful pageant proceeded up the nave to the sanctuary, where His Excellency mounted his throne.

After a short formal service the Bishop read the address of welcome to the clergy. At the close of the address, His Excellency left his throne

and bestowed on the Bishop the accolade.

BISHOP'S ADDRESS

The Bishop's address was as follows: To His Excellency, Most Reverend A. Casullo, Archbishop, Apostolic Delegate to Canada and Newfoundland.

Your Excellency, It was with pleasure-unalloyed that we received in September your kind intimation that, putting aside your arduous duties in Ottawa as representative of the Holy See, you would visit this Catholic diocese of Victoria.

Our priests, religious communities and ever faithful laity throughout Vancouver Island, rejoiced with us in the certainty of seeing in our midst Your Excellency, the new Apostolic Delegate and honoring in your gracious person our Holy Father, the successor of St. Peter, Christ's vicar on earth, Pius XI, gloriously reigning.

To you, therefore, the representative of our Holy Father, without delay, we solemnly declare that our love for the chief pastor of Christ's Church is intensely ardent. We profess and declare, too, that there is nothing else to this sincere love of ours except our entire obedience and submission to the same holy, august and supreme authority. We recognize that the Divine Power that said "Let there be light," and "This is my body and this is my blood," is the same that said also, "Thou art Peter and upon this rock I will build my church, and whatsoever thou shalt bind on earth shall be bound also in heaven, and whatsoever thou shalt loose on earth shall be loosed also in heaven."

After Christ Himself, Peter is the very rock or foundation of the Church and Peter singly, "Thou art Peter and upon this rock I will build my church." To this Holy, Catholic, Apostolic, Roman Church, founded on Peter, permanence and victory are guaranteed by Christ, "The gates of hell shall not prevail against it."

The keys of the Kingdom of Heaven, that is, the symbol of supreme power, the mastership over the Lord's House, are committed to Peter and to him alone. "He shall open and none shall shut, and he shall shut and none shall open," for, to him was it said and to him alone, "To thee will I give the keys of the Kingdom of Heaven. The power of binding and loosing, of enacting spiritual laws, given to Peter elsewhere with the other apostles is here given to him alone and singly."

To Peter and to his lawful successors was given the power of confirming the brethren in the faith, for their faith would never fail. "I have prayed for thee that thy faith fail not, and thou shalt be confirmed, confirm thy brethren."

The supreme pastorage of all Christ's flock was confided to Peter, "Feed my lambs and feed my sheep." Thus did Holy Peter and his successors receive special powers and to them alone were they given. The powers of bishops and priests were also given but not without Peter. Peter's powers can be exercised only by one, the powers of the episcopate and priesthood by many. The powers of Peter include the powers of bishops and priests, but their powers do not include his—the pastoral office and jurisdiction radiates and priesthood are folded up in the primacy of Peter, a primacy not alone of honor but of supreme jurisdiction.

We Catholics believe this so firmly that when we hear the voice of the Holy Father, we listen to the voice of Christ, to that voice that said, "He that heareth you heareth me."

Upon what a wondrous foundation, then, rests that tender love and child-like obedience we profess and offer most sincerely to Your Excellency for our Holy Father, Pius XI, vicar of Christ and successor of St. Peter. You are his representative, sent forth from immortal Rome to Canada to visualize the Fisherman's Throne among the faithful of this Dominion, to draw them closer to Christ by drawing them closer to Peter, the shepherd of their souls and to make them realize the deep interest which the Father of Christendom has in their temporal and spiritual welfare as well as in all his children scattering over the earth. In Your Excellency we see Peter and Pius and all the august pontiffs down through the ages. We see in you the chair so celebrated by the Fathers of the Church which they view with each other in honoring and exalting as "The Chair of the Apostolic See," "The Superior Chair," "The source of unity," "The most Holy Throne that has the headship over all the churches," "The head of the Episcopacy, the chiefship of the Universal Church," "The head of pastoral honor."

**Keep Stomach
Young!**

Eat What You Want

When the food you eat goes into your acid-soaked stomach, it sours and can't digest, makes fumes and sour bile. The blood takes these poisonous acids and carries them through the body. Naturally it makes you miserable and despondent, because your system is not nourished—you lose weight.

Pape's Diapiesin dissolves the acids and sweetens the stomach. It digests the food; no more sour bile is taken up by the blood. Your appetite is like a youngster's again, and gradually you get back your health, flesh and energy. Chew a tablet or two of Pape's Diapiesin after meals. It tastes good, and relieves the misery of indigestion in five minutes. It will keep your stomach young and vigorous so you can eat anything you want without being afraid of the consequences. (Adv.)

The head of the members," and finally, "The single chair in which all keep unity."

In this twentieth century, on the shores of the Pacific Ocean, with cogent argument and weighty reasons we join hands and voices to those of the early church. We speak only with the tongue of Optatus, Augustine, Cyprian, Irenaeus, Ambrose, Avitus, Theodoret and the Fathers of Chalcedon—the past and the present, the East and the West—Canada joining with Africa, Gaul, Greece and Asia in professing to Your Excellency the representative of Peter and Pius our full measure of love and obedience.

In conclusion, Your Excellency, permit us to say to yourself that we all honor you most highly, whom the Holy Father has so signally honored; we thank you from the bottom of our hearts, because living far from us, you have come thousands of miles across our great and beloved Canada, to afford us the opportunity which we so gladly embrace this evening. We hope and pray that your stay will be happy and fruitful in our midst, and that you will bear back with you, not alone our expression of devotion in favor of the Holy See, but also the remembrance of our very sincere and affectionate admiration and regard for Your Excellency, the Apostolic Delegate.

On behalf of the priests, religious communities and laity of the Diocese of Victoria,

THOMAS O'DONNELL,
Bishop of Victoria, B.C.

After this followed the address from the laity ready by Capt. V. A. Curmi:

To His Excellency the Most Rev. Andrea Casullo, Apostolic Delegate to Canada and Newfoundland:

ADDRESS FROM LAITY
Your Excellency, permit me on behalf of the people of Victoria to tender you a very warm welcome to our city.

I wish to show Your Excellency that although not a Canadian, we do not regard you as a stranger in this land. You are made one of us by the common bond of religion, that religion which is the closest association with the discovery and development of this Dominion.

I shall not take Your Excellency's time in relating facts to prove how true the statement is regarding the discovery of the provinces lying east of British Columbia. With regard to our Province, I should like to mention that the finding of the gold, the waterway, the traversing of the mountains was the cause of the discovery of British Columbia, was due to the efforts of one of our countrymen, James W. Fraser.

No province in Canada is more typical, more replete and more outstanding in Canadianism in the best sense of the word than British Columbia. From the early days when our mountain barriers were thought to be impassable and our plains barren, it required faith in Him who guides us to surmount obstacles of every sort, obstacles which even the perspective of time cannot minimize and which stand as a lesson and inspiration to posterity. Now, I therefore, assure Your Excellency that it was champions of the Cross who blazed the trail for what was to follow.

The journey that Your Excellency has completed in comfort in twenty-four hours through this Province, half a century ago would have taken months of hardship to accomplish. To effect this was an achievement, which cannot be overestimated; but all the labor, the hardships, the privations involved make even death a reward, as evidenced by the symbols of our redemption meeting in the country, consequent on the building of the great railway.

All these difficulties surmounted effected one great end: the end for which all Catholics live and die—closer union with Rome, closer union with our holy mother the Church, closer union with the Holy Father, the true successor of Peter whom Your Excellency so worthily represents and to whom, in Your Excellency's person, we have the privilege of rendering our humble homage this evening. We pledge to His Holiness, through Your Excellency, heartfelt loyalty and unwavering obedience.

This address, signed on behalf of the laity by Alfred Curmi, was written on a parchment scroll, beautifully illuminated by a local artist. Capt. Curmi kissed the Apostolic Delegate's ring both before and after the reading of the address, attending him as escort being two other fourth degree Knights of Columbus, H. J. O'Leary and Alex. McInerney.

PAPAL BLESSING
At the conclusion of the reading of the address, His Excellency advanced to the chancel steps and in excellent English acknowledged with pleasure the expressions of devotion to the faith which had greeted him in his tour of the Dominion. On every hand he had been impressed with the unity of all those in the Church. He expressed great pleasure at the kindly welcome he had received in Canada, and as Apostolic Delegate received these greetings as representative of the Pope, whose best wishes he conveyed for their spiritual and temporal welfare.

Raising his hand in benediction, His Excellency said, "The Holy Father himself has sent me with his blessing." Rev. Father Evans then read the plenary indulgence granted in honor of the delegate's visit.

LITURGICAL MUSIC

The music at the ceremony was confined to the liturgical music laid down for such occasions. Immediately before the entrance of the Apostolic Delegate, Miss Margaret McKay at the organ played the "March Pontificale," and on the entrance of the procession the choir, under the direction of J. Q. Gillan, sang two plain chant verticals, "Tu Es Petrus" and "Tu Es Pastor Ovis," the hymn of welcome, "Ecce Sacerdos," being sung later in the service.

DINNER FOR HIS EXCELLENCY

Prior to the service at the Cathedral His Excellency and the members of his party were guests of the bishop and laity of the diocese at an official dinner at the Bishop's Palace, View Street. Covers were laid for twenty-one, as follows: His Excellency the Most Rev. Andrea Casullo, Right Rev. Thomas O'Donnell, Bishop of Victoria; Right Rev. Mgr. Bearzatti, private secretary to His Excellency; Right Rev. Mgr. Blair, president of the Canadian Extension Society; Right Rev. Mgr. Leterme, vicar-general; Rev. C. J. McNeil, representing the Archbishop of Vancouver, and the following local clergy: Rev. C. E. Evans, rector of St. Andrew's Cathedral; Rev. W. G. Smith, Rev. A. Schimonaski, Rev. A. B. Wood (Esquimalt), Rev. A. Schindler, Rev. G. Guinan (Campbell River), Rev. B. Beaton (Comox), Rev. H. Lemmens (Duncan), Rev. J. Bericot (Tsouhalem), Rev. J. Geuz (Kuper Island), Rev. J. R. Buckley (the Willows), Rev. A. McLeish (Ladysmith), Rev. William Heyden (Nanaimo), and Rev. S. Sobry and Rev. A. Vulliamis.

Meet me at the Big Four rugby dance, November 18, Alexandra Ballroom. Tickets \$1.

**PROF. P. H. ELLIOTT
TALKS TO CLUBMEN**

Study of Science Gives World
International Bond

Professor P. H. Elliott addressed the Knights of the Round Table at the supper meeting of the organization last night, taking scientific investigation as his theme.

Scientific research developed under three heads: the obtaining of facts, the classification of these, and the conclusions to be drawn from the data thus assembled. Scientific research was an international medium of world understanding continued the speaker, as it was conducted by those whose lives were spent in the impartial weighing of facts, regardless of opinions or preferences.

The scientist treated only with absolute facts, and his success depended on the honesty with which he drew the conclusions to be taken from the facts obtained. After an interesting and informal talk Professor Elliott was thanked for his instructive review.

**CITY FIRE LOSS
AT ITS MINIMUM**

Property Valued in Excess of
\$30,000,000 Guarded For
Loss of \$648

Victoria's total fire loss for October was exactly \$648. Alderman J. L. Mara, chairman of the fire wardens, reported to the City Council last night. This covered the actual damage to buildings and contents in two fires, arising out of the alarms responded to by the brigade.

The fire brigade in October made 546 building inspections within the fire limits, executed 187 drills, issued 391 bonfire permits, as well as serving 15 notices of fire hazards and taking one case to court for a sustained conviction.

The total value of building in the city exceeds \$30,000,000, and the fire loss for the first ten months of the year is considerably less than \$1 per capita.

TO-MORROW'S HOROSCOPE

"The Stars Incline, But Do Not Compel"
(Copyright)

WEDNESDAY, NOVEMBER 16, 1927.
Astrologers read this as a day of favorable rule in the earliest hours.

Afternoon is subject to menacing aspects. There is a sign of much promise for hospitals and all who work in them. Many large benefactions may be expected. It is wise to push important matters in the morning when person wielding power are likely to be more easy to deal with than under less favorable away. For those who go in search of employment before noon, luck is preaged. There is a sign read as indicating storms at sea within the week and ocean voyages begun to-day may be eventful.

The stars predict extremes of weather in the winter, which human nature will reflect and for that reason many strange crime cases will be reported. Increase of heart disease due to nerve strain and overwork may be expected and the wise will realize the need of relaxation. Under this planetary government everything pertaining to politics should show activity. There is a sign read as favorable to the perpetuation of power and the continuance in office of capable men. Agitation regarding oil and oil interests is forecast and there may be much discussion of price fixing.

Strife and contention are foreshadowed as the configuration of to-day changes. Quarrels may be easily started under this way. Scandals and evil report of many sorts are indicated. Libel suits will be more numerous than usual next winter. Centralization of public interest in newspapers is prophesied as a feature of the next few weeks. Increase of advertising and large profits are prognosticated for editors and publishers. Persons whose birthdate it is should be cautious in the coming year. It is well to keep one's plans secret. Children born on this day probably will have unique careers. They will be most fortunate outside scientific professions.

Farmer-Senator Plans Credit Curb
Chicago, Nov. 14.—Senator Brockhart of Iowa says that the necessity exists for a bank bill in Congress to prevent undue use of credit in stock market speculation when agriculture needs low rates and abundant funds. He says that he is to suggest a bill in connection with farm relief plan.

PROHIBITION IN ROUMANIA
Bucharest, Roumania, Nov. 15.—Progressive prohibition which in twelve years it is hoped "will make Roumania as dry as the United States" is called for in a bill which will be introduced in Parliament shortly by the Bratiano Government. If, as seems most likely, the bill becomes law, only one saloon will be allowed to every thousand of population, with a gradual reduction in the number of saloons until at the end of twelve years all will disappear. The bill makes available also as food and industrial products all ingredients which heretofore have entered into the composition of spirituous drinks.

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KNICK

(READ THE STORY, THEN COLOR THE PICTURE)

The ladder rope sailed on with ease, and shortly passed above the trees. Wee Scouty shouted, "Careful now, so none of us will slip. I'm sure that things will be all right, if all of us hang on tight. I don't know where we're going, but we'll all enjoy this trip. Up, up they rose, and sailed along. Then Clowzy broke out into song. "Hi, ho, we're sailing on the breeze, and on our merry way. Of course, we don't know where we'll land, but anyhow, this trip is grand. I hope we reach the ground again before the end of day." And then the bunch heard Carpy shout, "Hey, Clowzy, you had best look out. A bird is circling over your head. He has a monstrous bill. It looks like it is sharp and strong. I'll bet he doesn't like your song. Perhaps he'll try to peck you, so I think you'd best keep still." But Clowzy sang with all his might, and then the bird flew out of sight. Then Clowzy laughed and said, "That was a foolish thing to say." Then Carpy answered, "No, sire, in fact it really seems to me your singing was the thing that really scared the bird away." A thrill then came to all the crowd. The ladder drifted through a cloud, and my, but it was misty—just as misty as could be. It scared the Tinies for a spell. Then out they came, and all was well. "How thrilling," shouted Copsy. "Why, I couldn't even see." Just then the ladder seemed to stop. The Tinies wondered if they'd drop. Said Scouty, "Why we won't move on I cannot understand." Then Clowzy shouted, "Goodness me. You ought to see what I can see. This ladder's being held right now by someone's great big hand."

(The Tinymites meet a giant in the next story.)

Premier King to Visit Quebec City

Ottawa, Nov. 15.—Following a Cabinet meeting to-day Premier King will leave Ottawa for Quebec City, where he is to attend a meeting of the Quebec Young Liberal Association. Later in the week Mr. King will spend two days in Montreal, where he will address the men's and women's Canadian Clubs of that city on non-political subjects. November 21 Mr. King is to leave for Washington.

FALL CAUSED DEATH

Bingham, Utah, Nov. 15.—Plunging 1,100 feet from the 1,800-foot level to the 2,400-foot level in the Utah Apex Mine here, George Richins of this city will killed yesterday. Richins, a pipe-man, was climbing on a ladder when a run broke.

THE CLASSIFIED ADVERTS. BRING SURE RESULTS. PHONE 1090

Victoria Daily Times

Advertising, Phone No. 1090

RATES FOR CLASSIFIED ADVERTISING
Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc., 15¢ per word per insertion. Contract rates on application.

No advertisement for less than 25¢. Minimum, 10 words.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

Advertisers who do not desire mail replies addressed to a box at The Times Office and forwarded to their private address. A charge of 10¢ is made for this service.

Birth Notices, \$1.00 per insertion. Marriage, Card of Thanks and In Memoriam, \$1.50 per insertion. Death and Funeral Notices, \$1.50 for one insertion, \$2.50 for two insertions.

BOX REPLIES AVAILABLE

Letters addressed to the following boxes are available at The Times Office on presentation of box tickets. Maximum replies are obtained by advertisers who follow up replies promptly.

300, 4842, 4853, 4814, 4855, 5351, 6898, 7114, 7127.

Births, Marriages, Deaths

DIED

McMULLEN—On November 15, at 1715 Rockland Avenue, Victoria, Deborah Deborah McMullen, widow of the late Robert W. McMullen, aged eighty-three.

Interment will take place in Belleville, Ontario. A service will be held at 11:30 a.m. Wednesday, November 16, at the funeral home, 1111-1113, at 11:30 a.m. Wednesday, November 16. No flowers, by request.

CARD OF THANKS

Mrs. S. J. Curry and Margaret wish to thank all kind friends for their beautiful flowers, their thoughtfulness and sympathy during their bereavement in the tragedy which overtook dear Hector, especially Dr. Davies, Mr. Farrar and Mr. Raines, his handmaster, whom he loved.

PANAMA CANAL SETS RECORD

Pre-production interest on the \$500,000 bonds of the Panama-Pacific Grain Terminals Limited, and insurance of the projected grain elevator were issues raised at the City Council meeting last night.

Alderman J. L. Mara raised the point as to what provision would be made by the Panama-Pacific interests to pay the interest on the bonds before the elevator had been completed and was producing profits from which such sums could be met. He asked if the company would allot shares to cover the city in the outlay of any interest money it might be forced to put up in the interim between construction and profit-earning.

Alderman E. S. Woodward countered that the query was not a proper one, in that it led to the assumption that the grain company intended to break a binding contract which had been drawn up by the city itself. To make such a query would be an insult, said the way Alderman Woodward put it. The company would receive \$500,000 from the proceeds of the bonds in the first year alone, he added, or could pay the interest out of the sale of stock, or in any other way it saw fit.

Under the agreement with the city the full \$500,000 went to the contractor who built the elevator and not to the Panama-Pacific, City Solicitor H. S. Pringle reminded the council. Alderman Mara's request for information was referred finally to the city solicitor for report.

INSURANCE

The insurance problem was raised in a letter from the Victoria solicitors of the Panama-Pacific Grain Terminals Limited, Messrs. Traill & Marchant, who expressed the willingness of that company to insure the elevator building to its full value and offered the names of five companies out of which it selected the city to select that would be acceptable to the city. The insurance would be in favor of the city, as provided in the agreement with the corporation.

Insurance on city buildings is spread between forty and fifty insurance companies with local agents in the city. The insurance was referred to the city treasurer for distribution evenly in the same way.

As the grain company was to pay the premiums on the policy or policies the city had no choice in the matter, thought Alderman E. S. Woodward, and said so.

Alderman J. L. Mara agreed with Alderman Brown, on the ground that as it was taxpayers' money at stake in the elevator deal the insurance, which was a considerable item, should be dealt with in the manner followed by the city in its own affairs.

REPRESENTED BY ONE FIRM

The five companies named to the city were represented in the city by one firm, contended Alderman Brown, who was challenged by Alderman H. C. Holmes to explain more clearly what he intended. A selection from the names would be no distribution, argued Alderman Brown.

The city was not affected by the problem as the grain company would be responsible for the payments, reiterated Alderman Woodward.

The agent for the companies named had been a heavy investor in the grain elevator project and was a director, stated Alderman Holmes. If other firms wanted a share of the insurance business they, too, could invest in the corporation.

Shares of the company and assist the enterprise. It was clear that while all wanted the plums, not many were ready to climb the tree to get them, he added.

Some arguments had been produced on both sides of the warranted auction, stated Mayor C. Pendray in closing the debate.

The council decided finally to leave the question of insurance in the hands of the Mayor, who was requested to interview the agents of the Panama-Pacific firm with an explanation of the position usually followed by the city in similar cases.

COMPANIES NAMED

The companies named by the Panama-Pacific were the Sun Insurance Office of England, North British and Mercantile Insurance Company Limited, Union Assurance Society of Canada Limited, Scottish Union and National Insurance Company, and the Home Insurance Company of New York.

F. B. Pemberton & Son were the agents, it was intimated.

Beauty & Health . . . the forfeits

Pyorrhea's victims are 4 out of 5

A ruthless enemy that gives no quarter is Pyorrhea. Its poisons sweep through the system, undermining health and often causing such serious diseases as rheumatism and neuritis, appendicitis, ulcers, stomach troubles and nervousness.

Four out of five past 40, and thousands younger, pay this heavy toll. But you need not fear these uneven odds.

Go to your dentist at least twice a year. And start using Forhan's for the gums, today. This dentifrice, the formula of R. J. Forhan, D. D. S., prevents Pyorrhea or checks its course.

It keeps gum tissue firm and healthy. It protects teeth and keeps them white. Use Forhan's regularly, morning and night. Teach your children this good habit.

Forhan's contains Forhan's Pyorrhea Liquid used by dentists everywhere. It is health-insurance. At all drug-gists—in tubes, 35c and 60c.

Forhan's for the gums

MORE THAN A TOOTH PASTE . . . IT CHECKS PYORRHEA

We make this promise

Everybody wants a sweet, fresh breath. If you try this new, sparkling Forhan's Antiseptic Refreshment once, you'll never go back to ordinary mouthwashes that only hide bad breath with their tell-tale odors. Forhan's Antiseptic Refreshment is a success. Try it.

"Have you ever wondered about your husband's past?"

"Dear me, no! I have all I can do taking care of his present and worrying about his future."

Manager—"Vot? You come into zee famous restaurant, drink ze glass of water, an' zen walk calmly out?"

Scot—"Hoots, mon! Did ye expect me tae stagger cot?"

Spectators May Compete in Fancy Dress At Carnival

Rotary Club Offers Many Handsome Prizes for Carnival Skaters; First Annual Function Saturday Evening at the Arena to Aid Crippled Children's Solarium

Carnival will reign supreme at the Arena on Saturday evening, when the Victoria Rotary Club will stage its first annual ice carnival, to be presented in aid of the Queen Alexandra Solarium for Crippled Children.

It is hoped that many hundreds of the spectators will wear fancy dress, and thereby take advantage of the privilege of entering in the fancy dress competitions, to be held at the conclusion of the spectacular events on the programme. For the fancy dress competitions the Rotary Club has set aside some of the finest of the many prizes being offered during the evening. The number of prizes will depend upon the total of entries received at the carnival office, 706 Fort Street, before Saturday noon, and the Rotary Club therefore requests intending competitors in this colorful event to enter.

No charge for entry in the fancy

dress competition will be made ticket-holders. Fancy dress competitors, not holding tickets for reserved seats, will be admitted to the Arena on payment of a nominal entry fee. This privilege will not carry rights to seating accommodation.

ONE SHOW ONLY

The ice carnival is hoped to become an annual event in Victoria, and is expected to develop into a Northwest Pacific loop tour of the leading ice artists of North America, under the auspices of the various Rotary Clubs of the Northwest. The carnival can this year be held only on Saturday, and it is doubtful if, at any time in the future, more ice can be given owing to the great expense incident to attracting European and Eastern leaders of the skating world to the Pacific Coast.

SPEED MARVEL OF ICE

Gordon Thompson, one of the greatest skaters ever developed in Canada, will be one of the star artists at the Rotary Ice Carnival at the Arena on Saturday evening.

Explains How Enlarged Veins Can Be Reduced

Often times Veins Burst and Cause Much Suffering, Expense and Loss of Employment

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and blemishes. If you will use a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first class drug store and apply it at home as directed you will quickly notice an improvement which will continue until the veins and blemishes are reduced to normal. Moore's Emerald Oil has brought much comfort to worried people all over the country: is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded. MacFarlane Drug Co. sells lots of it. (Advt.)

CITY ASKED TO PUT WILL PLAN BEFORE PEOPLE

Chamber of Commerce Urge Vote on Worst Mill By Ballot

The endorsement of the worsted mill project by the Chamber of Commerce was received by the City Council last night and filed without comment.

Alderman H. C. Holmes, chairman of the industrial committee, explained that eighty per cent of the money required by private subscription to enter into negotiations with John Moore, worsted operator of Bradford, England, had been promised and that if the city's aid was forthcoming, the financing of the new industry could be successfully completed.

The proposal is that the city sponsor the bonds and interest of the worsted mill to the extent of \$125,000, with \$200,000 to be raised locally by private capital. Mr. Moore would invest \$40,000 and would bring the machinery of his English factory to Victoria to start production on a plant making pairs for which a ready market could be found, it was stated.

The endorsement of the Chamber of Commerce urged the council to put the project before the ratepayers in a money-by-law, after the details of the financing and the necessary agreements have been worked out. The council referred the matter to its industrial committee without discussion, for the drafting of the by-law, which would be then considered in council and if ratified, put to the ratepayers.

BRIDGE GAME ON AIR TO-NIGHT

First on the Pacific Coast network broadcast Tuesday evening comes the third lesson in auction bridge, which series local card enthusiasts are following over KOMO and KFOA and other N.B.C. coast stations. The half-hour instruction period is from 8.30 to 9 o'clock.

Milton C. Work, Wilbur C. Whitehead, Winfield Liggett and Sydney Lenz are the quartette of experts engaged to give a series of twenty-seven lessons over radio. And judging from reports coming in to the two local units of the National Broadcasting Company's chain, these masters are immeasurably helping listeners who hear and play the hands as they are announced over the air.

Every Tuesday a complete game is played, the announcer telling each player made by the instructor. For those who are not already doing so, it is suggested that listeners play the hands as they are announced. In this way a comprehensive knowledge of auction bridge can be obtained.

NEW PROGRAMME ON FOR KIDDIES

Seattle, Nov. 15.—Children to entertain children is the newest development in radio entertainments, and now kiddies are getting the type of programme over KOMO, entirely different from most juvenile features being given via the ether waves today.

Each evening during the week at 8-8.15 o'clock, a group of youngsters, talented in song, verse and story-telling, assemble before the KOMO microphone with a half-hour programme for their thousands of young listeners. Dorothy Dence, Snowden supervises their offering. Some of the children can be termed professional, having appeared before the footlights of Seattle theatres, and were selected for this radio work because of their known ability.

Although the personnel has changed, one feature that has characterized KOMO's children's programmes will be continued—that the birthday party greetings—every song or recitation given for the pleasure of some listening boy or girl who is having a birthday that day.

A Word to the Wise

When an old smoker gives a young fellow advice on the subject of pipe tobacco you can be pretty sure that Old Chum will be recommended.

Old Chum is a tobacco that wears well! Men who have smoked it day in and day out, year after year, all agree that it retains its sweet, cool flavour no matter how much of it you smoke.

Try Old Chum today!

CHANGES IN STAFF MADE BY COUNCIL

George Okell to Succeed William Scowcroft as City Assessor

Special Assessment Work to Continue Until June of 1928

The first report made by the civic service committee, the new group formed by a special committee of the City Council to deal with superannuation affairs, reached the City Council last night and was adopted without major change.

The council granted two months' leave of absence with salary to William Scowcroft, city assessor, and arranged for his superannuation at January 15, 1928, in his seventy-eighth year. George Okell was appointed acting city assessor until January 15 next, when he will become city assessor, and head of the department.

A. V. Danby, one of the senior clerks in the city, was transferred to the assessor's office on December with a slight increase in salary. A junior clerk will be appointed in the treasury, and a new boy taken on as probationer in the same department.

The council voted to continue the services of James Fairweather as an assistant in the assessor's office as from December 1, with services to terminate at June 30, 1928, on the completion of the present revision.

Alderman William Marchant presented the report, which was endorsed by Alderman H. O. Litchfield, Alderman H. C. Holmes, the third member of the civic service committee, differed from his colleagues and asked to be disassociated with the findings in the report. There had been, he intimated, gross inequities in the administration of assessment affairs in other years, and the work required the services of experts.

Any inequities that may have occurred were due to the rapidly shifting values in the city during years of boom and post-boom days, and were as much

the fault of those who asked for the inflated assessments in the first place as any other single factor in the city, replied Alderman Marchant.

The city's assessment in the aggregate had shrunk from \$85,000,000 to one-third of that figure, and complaints were still being made by those who had clamored for the inflation,

added Alderman Marchant testifying to fewer appeals in taxation affairs this year than had been the case for many years past. The council adopted the staff changes recommended with little further discussion.

To further simulate the fashionable bob, a new beif hat is made entirely of feathers curled to look like ringlets.

HIS MASTER'S VOICE

As close to Perfection as possible

Universal Socket Power Units give just about perfect results because they are built of the finest materials money can buy and their design is a masterpiece. Don't buy until you've seen what they can do. At your dealers.
